## HOSPITAL HAS \$54,404 LOSS IN 12 MONTHS

The board of directors of the Warner Hospital at a meeting Thursday evening approved expenditures of \$550 for improvements to the emergency ambulance entrance at the rear of the hospital. The work to be done by the Gettysburg Construction Company, low bidder on the project, will enclose the entire ramp, extend the roof and include painting of the area. Fiberglass material will be used for the enclosure which will enable emergency ambulance patients to secure shelter in inclement weather as they are moved into the hospital.

At the same time the directors approved expenditures for repair of the parking lot surface by borough workmen. The hospital will pay for materials and labor with the borough donating the use of the equipment.

The hospital was directed to vote its 60 shares of stock of the First National Bank of Gettysburg in favor of the merger with the Littlestown State Bank.

**SUBMIT AUDIT**  
Philip M. Dunn, a partner in the accounting firm of Fishel, Baskin and Dunn, submitted a report of their annual audit to the directors for study and approval at a later date. Operations for the period from June 1, 1961, to June 30, 1962, showed a net loss of \$54,404.11.

Carl A. Baum was appointed to represent the hospital board at the Gettysburg testimonial dinner to be given November 20 at the Hotel Gettysburg for members of the state commission preparing the observance of the 100th anniversary of the Battle of Gettysburg and Lincoln's Gettysburg Address.

President John D. Teeter presided at the meeting with Drs. Bruce Wolff and W. R. Cadle representing the medical staff.

## Scouts Will Be Guests At Game

Gettysburg College will be host to all Cub Scout, Boy Scout and Explorer units of the Black Walnut Boy Scout District at the football game Saturday afternoon at 1:30 o'clock. The youths and their leaders are to be present as units and report to the gate nearest the Student Union Building where Scout Field Executive Stanley Rogers and members of the camping and activities committee will be present to check the Scout's and leaders registration cards. Members of the Alpha Phi Omega, national Boy Scout fraternity, will usher the Scout units to the special seats to be provided them.

## Find Two Homes At 141 Hanover St.

The Gettysburg ambulance this morning was delayed a bit in removing Elizabeth M. Crozier from her home, 141 Hanover St., to the Warner Hospital.

The quick call operator gave the ambulance crew, Glenn Weishaar and Donald Jacobs, the address correctly—141 Hanover St., but when they arrived at the home of John A. Codori Jr. they found no one ill there.

They checked back and found that 141 Hanover St. was the correct address. They also found there are two 141 Hanover St. addresses, several doors apart, and returned to the area to pick up the patient at the other 141 Hanover St.

## BIRTH ANNOUNCEMENTS

**At Warner Hospital**  
Mr. and Mrs. E. Wayne Baumgardner, Taneytown, son, Thursday.

**At Hanover Hospital**  
Mr. and Mrs. Frederick Miller, Abbotstown R. 1, daughter, Thursday.  
Mr. and Mrs. Harvey R. Wilson, R. 4, son, Wednesday.

## APPOINTED MASTER

The Adams County court today appointed Attorney S. M. Raffensperger as master in the divorce action of Nadine Zoe (Bortner) Ecker versus Kenneth Allen Ecker.

## RECOVER WALLET

Ruby Fissel, 129 N. Washington St., turned over to borough police Thursday afternoon a wallet she found in the Farm Bureau parking lot. The officers in turn notified Mrs. Barbara Deborde, Springs Ave., that her wallet had been found and turned it over to her.

## Club Benefit To Be Held Wednesday

The Woman's Club of Gettysburg will hold its annual benefit dessert bridge next Wednesday afternoon at 2 o'clock at the Moose home. All proceeds will be deposited in the hospital and educational fund.

Mrs. Ralph Wickerham, chairman of the ways and means committee, has announced that individual table prizes and many draw prizes will be awarded during the afternoon. Cake and peanuts will be sold.

Various card games will be played and card clubs may play within their own groups. Tickets are available from any member of the Woman's Club.

## PLAN RETURN CALLS TO AID CHEST DEFICIT

In a last-ditch effort to achieve a goal of \$31,670, officials of the Gettysburg Community Chest fund drive met Thursday to outline a plan to overcome the \$5,752 deficit in this year's fund drive.

Henry T. Bream, chairman, announced today that fund drive chairmen who met at the Hotel Gettysburg voted to extend the drive another week in order to permit a special committee to make return calls on individuals and organizations whose contributions were reduced from last year's drive.

"We are terribly concerned," he said, "that the agencies depending upon this drive for financial help will be the victims of this shortage," and added that "we all feel a personal obligation to review the records and make every effort to make up the shortage."

## MAKE RETURN CALLS

He said that a review of last year's contributions revealed that several organizations and numerous individuals gave "less this year" than last year, and these contacts will be renewed in an attempt to obtain supplemental funds. The committee has been authorized to begin calling back immediately.

The following amounts have been contributed: Special gifts, \$9,662; industrial, \$4,130; classified, \$3,620; commercial, \$2,661.50; residential, \$3,262.86; rural, \$2,582.30, for a total of \$25,918.66.

Bream said he hopes the shortage can be obtained by November 15, which is two weeks later than the drive was originally scheduled to run.

## Six Boroughs Get State Funds

The state Health Department today announced payments totaling \$12,614 to municipal authorities in six Adams County boroughs as an annual contribution toward the operating costs of the sewage treatment plants operated by the borough authorities.

The amounts paid included \$2,139 to Biglerville; \$1,167 to East Berlin; \$4,551 to Gettysburg; \$1,160 to Littlestown; \$222 to McSherrystown and \$2,675 to New Oxford.

## TO VISIT CENTER

The November meeting of the board of directors of the Adams County Society for Crippled Children and Adults will be held in the board room at the Warner Hospital after a visit to the society's therapy center at the hospital at 4:15 p.m. Notices of the meeting have been issued by Miss Grace Kenney, secretary.

## U.S. Navy In Position To Inspect Russian Ships For Missiles Taken From Cuba

**By BARRY SCHWEID**  
WASHINGTON (AP)—U.S. Navy warships steamed into position today for a rendezvous with Soviet vessels and on-the-spot proof they are hauling Red missiles from Cuba.

The at-sea check is expected to go smoothly. Soviet cooperation is taken for granted and the Pentagon indicated Thursday that the American ships would do their checking by sideling up alongside the Soviet vessels.

However, a spokesman would not rule out the possibility that the Soviet ships would be boarded if such action is deemed necessary.

## SEE 40 MISSILES

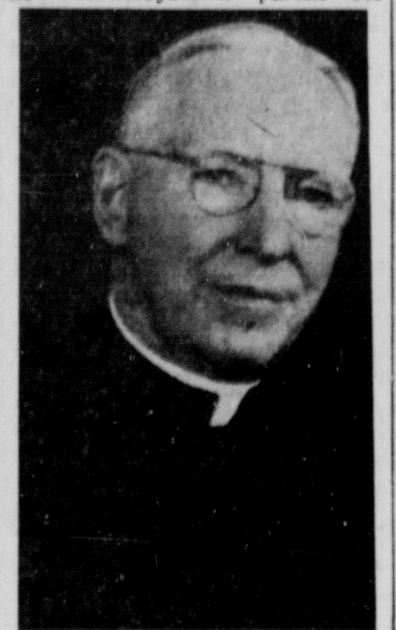

In proclaiming at a Moscow news conference Wednesday that the Red missiles "probably are on their way" home, Soviet Premier Khrushchev mentioned a figure of 40. That's the minimum amount the Navy will be looking for, the Pentagon said.

The Navy's mission is to con-

## MSGR. M'GEE TO MARK 50 YEARS IN PRIESTHOOD

A solemn high mass at 12 o'clock Sunday afternoon will be celebrated in honor of the 50th anniversary of the ordination of Monsignor Patrick F. McGee, pastor of the Annunciation of the Blessed Virgin Mary Church, McSherrystown.

Monsignor McGee has served the McSherrystown parish for

## YW WILL JOIN IN WORLD WEEK OF FELLOWSHIP

The role of the Young Women's Christian Association in the worldwide movement of women and girls building peace and goodwill in the world will be emphasized November 11-17 when the YWCA joins in observing World Fellowship week.

Associations in more than 70 countries will take part in the celebration, held annually in November to give special emphasis to the world-wide work of the YWCA. The YWCA of the U.S.A., as a member of the World YWCA, headquarters in Geneva, Switzerland, takes responsibility through the Mutual Service Program for providing contributions which help association work in 24 countries.

Funds raised by YWCA members across the United States provide advisory service, program grants and training of personnel, or a combination of these aids.

## Chamber Dinner To Be Held Nov. 29

The annual dinner meeting of the Gettysburg Chamber of Commerce will be held Thursday evening, November 29, at 6:30 o'clock at the Hotel Gettysburg, at which time directors will be elected.

Frank Sapp, committee chairman, said today that directors whose terms expire this year are Charles Bender, Julian Estep and Nickolas Meligakes. The program will feature a prominent speaker.

## CAR DAMAGED

Mrs. Harold Street, 804 Highland Ave., reported to borough police Thursday that on Wednesday her car had been hit by another in the Murphy Co. parking lot. Damage to the Street vehicle was estimated at \$40.

## JAYCEES SEEK CONTRACTS ON TREE PLANTING

The Gettysburg Junior Chamber of Commerce today is seeking signed contracts with some 80 merchants and property owners to place trees this winter as part of Campaign Gettysburg.

Robert Weiland of the Campaign Gettysburg Committee told the Jaycees at their meeting Thursday evening in the Western Maryland Railway depot that the block captains are visiting property owners with contracts in order to get the tree planting underway. A number of the contracts have already been signed, he said.

The Campaign Gettysburg committee hopes to have the entire project including the tree planting completed by next June prior to the Battle Anniversary and Weiland's report showed "a great deal of work has been done over the last several months in improving stores and homes as part of the campaign. A walk about the streets in the central part of the town will convince anyone that the campaign is well underway and there are many plans for additional work to be done next spring."

## \$50 TO CHEST

Albert Treher, of the "Punt, Passing and Kick" contest, originally scheduled to be held last Saturday for boys aged 7 through 12, said the program will be held Saturday afternoon at 2 o'clock at Gettysburg High School, "weather permitting." If weather again halts proceedings it will be conducted the following Saturday. Fifty-four boys have signed for competition which will be held in five age divisions with three prizes to be given in each division.

The Jaycees also noted a desire to "promote and help arrange for" a "Pop Warner" midget football league, but said reports that the Jaycees would sponsor such a league were "just not correct. We are not in position to sponsor such a league by ourselves. But we are willing to help arrange one if other organizations wish to sponsor the teams," President Richard Guise said.

A \$50 donation was made to Community Chest. Rainger Buehler reported the club won a prize with its float in the Halloween parade.

## Presbyterians To Ask Pledges Sunday

Loyalty Sunday will be observed by the Presbyterian Church during its services Sunday morning at 10:45 o'clock in the seminary chapel. Pledges for the 1963 church financial program will be made and dedicated.

Veterans Day will also be observed with the pastor, Rev. Robert A. MacAskill, speaking on "The Stewardship of Peace." The choir will sing, "I Will Lift Up Mine Eyes," by Sowerby, and Paul Grove and Mrs. Donald Cordell will sing as a duet "Thy Kingdom Come."

The service will be broadcast by WGET.

## Blue, Gray Band To Parade Sunday

The Blue and Gray Band will participate in the Veterans' Day parade Sunday afternoon. Members are requested to meet at their rehearsal room at the Veterans of Foreign Wars Home, East Middle St., from where they will proceed at 2 o'clock for the staging area on Springs Ave.

Several uniforms are available and those musicians needing them are urged to appear in time to be outfitted. Musicians planning to form with the band in the Springs Ave. area are asked to notify Charles Duffield, Fayetteville; John E. Hoffman, 334-1228, or Eugene Eckert, 334-1632, in order that music and equipment may be available.

## BULLETINS

WASHINGTON (AP)—U.S. Navy warships have intercepted five Russian vessels outbound from Cuba. Missiles and missile equipment have been seen on the decks of at least three of them, the Defense Department announced today.

Assistant Secretary of Defense Arthur Sylvester said four of the ships were intercepted this morning. The fifth was contacted Thursday. No missile components were reported aboard it.

WASHINGTON (AP)—The U.S. government has received indications that several thousand Soviet technicians in Cuba, presumed here to be military missile experts, are preparing to leave the island, officials reported today.

The evidence of large-scale withdrawal of Soviet military personnel, authorities hinted, comes at least in part from aerial photographs showing movements of large numbers of men from the area of the dismantled missile bases to ports on Cuba's north coast.

The migration has been in progress for several days, officials said.

## EXPERIMENT ON COUNTY FARMS AIDED STATE AG

The chairman of the Tennessee Valley Authority, Aubrey J. Wagner, its general manager, L. J. Van Mol, and other officials from the TVA and Pennsylvania State University were told Thursday night that five years of experimentation on seven farms in Adams County under a TVA program has "contributed greatly to agriculture in the state."

County Agent Frank S. Zettie summed up the results of the five years of experimentation at a dinner held in the Lamp Post Tea Room.

Today the TVA and Penn State group visited three of the cooperating farms, those of Charles Klinger, New Oxford R. 2; Roy Weaver Jr., Gettysburg R. 6; and Glenn Sterner, Gettysburg R. 1, this afternoon were in Meadville to survey cooperating farms in Crawford County.

## FIVE MEN SPEAK

Five of the seven farmers who took part in the five year program outlined their findings in the experiment which ended this year. They included Klinger, Weaver and Sterner and Harrison Fair, York Springs R. 1, and Calvin Bream, Gettysburg R. 3. Absent were two of the cooperators, John Keiser, East Berlin R. 1, and Herbert Sterner, Littlestown R. 1.

Sterner said it was a "privilege" to participate in the program. He said, "We enjoyed working with these groups and we find we've come a long way in improving our farming operations. When we started five years ago everybody was about convinced that we couldn't grow alfalfa here. At that time we had 11 acres of poor alfalfa. Today we have 42 acres. The thing we found lacking was fertilizer in the proper formulae."

Calvin Bream who became the state's champion corn grower during the five-year period said, "There is no doubt this fertilizer program was responsible for the corn championship. I was rather sold on fertilizer before I got into the program, but those of us who were in it learned much."

## Escapes Injury In \$3,300 Accident

Barry Lee Shealer, 22, Gettysburg R. 6, according to state police, escaped injury Thursday afternoon at 2:10 o'clock when his car left the highway near Abbotstown and struck a house trailer and another car.

According to the officers, Shealer was driving north on Route 194 just south of Abbotstown when he lost control of his auto on a curve. The car went off the side of the road, came back onto the highway, then went off the other side of the road and collided with a house trailer on a foundation, after which it struck a parked car.

A baby, Tanya, aged eight months, daughter of Mr. and Mrs. Leon Smith, occupants of the trailer, was thrown from her crib by the impact and Mrs. Smith was thrown across a bed.

Police said damage to Shealer's auto was estimated at \$100. Damage to the house trailer owned by Maurice Neiman, Abbotstown R. 1, was estimated at \$1,000. Damage to Neiman's 1962 car parked nearby was estimated at \$2,200, with police saying that the Neiman car was demolished.

## GEN. WEIKERT IS VETERANS' DAY SPEAKER

## Gettysburg Man Wins In Maryland

Jacob M. Yingling, Westminster, son of Mr. and Mrs. Jacob C. Yingling, 338 S. Washington St., was the only Republican candidate elected Tuesday in Carroll County, Md., winning a seat in the House of Delegates by 7,330 votes. A textbook salesman for Singer Book Company, he made his first venture into politics this election.

Yingling was graduated from Gettysburg College in 1958 and is married to the former Miss Genevieve Koontz, daughter of the late Mr. and Mrs. John Koontz, Gettysburg. He is the father of two sons, Stephen, 10, and Randall, 3, and has been a resident of Westminster for eight years. He is 32 years old and is president of the Westminster Kiwanis Club.

## Rally Tonight At Foursquare Church

A Crusader Missionary mass rally for the 12 churches of the district will be held this evening at 7:30 o'clock at the Foursquare Gospel Church.

The speakers will be Rev. John Bowers, Mt. Vernon, O., secretary to the supervisor of the Eastern District, as well as Rev. Howard Clark, also of Mt. Vernon, district supervisor.

Rev. Harold Myers, pastor of the host church, has invited the public to attend.

## BLOOD DONORS

Blood donors at Warner Hospital this week were: Miss Ann Armour, Mrs. Christine Crafton and Mrs. Monica Bennett, Gettysburg; Richard Sandor, Phi Gamma Delta; Warren Karshin, Lutheran Seminary; Robert Dillman, Littlestown; Glen Deardorff, Fairfield, and Boyd Sieg, New Oxford.

## REV. F. J. DODD PASSES AWAY

The Very Reverend Francis J. Dodd, C. M., former director of the Daughters of Charity, Eastern Province, at St. Joseph College, Emmitsburg, died suddenly at 1:28 o'clock this morning at Mary Immaculate Seminary, Northampton, Pa. He had served at St. Joseph College for 30 years prior to his assignment to the seminary last September, and would have celebrated his golden jubilee of ordination at St. Joseph's on Dec. 15.

Funeral services will be held Tuesday morning at 11 o'clock at St. Joseph's College. The Very Reverend Charles J. O'Connor, present director of the Eastern Province Daughters of Charity, will officiate, assisted by Rev. Fr. Trainer. Interment will be made in the college cemetery.

## C. J. TOOT, 93, DIES IN SLEEP THIS MORNING

Charles J. Toot, 93, a director and vice president of the Gettysburg National Bank since 1927, died in his sleep this morning at 5:55 o'clock at his home, 432 Baltimore St.

His health had been impaired since he suffered a fall last January and on Thursday he had visited his physician. On Tuesday he voted at the general election.

The deceased was born in Gettysburg on September 2, 1869, a son of the late Henry S. and Harriet (Deardorff) Toot. In his earlier years he was a farmer. He was a director and vice president of the former Lincoln Trust Co. here. At the time of his death he was also director and vice president of the Adams County Building and Loan Association.

He was a member of St. James Lutheran Church, Gettysburg; Elks lodge and the IOOF of Gettysburg. He was the church treasurer for many years.

His wife, the former Bertie Bender, died November 24, 1944.

Surviving are a daughter, Mrs. H. P. Rossbach, Greenwich, Conn.; two grandchildren and seven great-grandchildren.

Funeral arrangements, in charge of the Bender Funeral Home, are incomplete.

## C. D. Olinger, 80, Emmitsburg, Dies

Charles David Olinger, 80, Center Square, Emmitsburg, died Thursday night at 8:30 o'clock in the Warner Hospital after an illness of three months.

A native of Adams County, he was a son of the late Peter and Ellen (Currens) Olinger and was a farmer most of his life. For many years he also worked at the furniture factories here. He had resided in Emmitsburg for the last 19 years.

Surviving are his wife, the former Bessie Fox; a son, Carroll E. Olinger, Emmitsburg R. 2; a daughter, Mrs. Pauline Summers, Emmitsburg; two grandchildren and six great-grandchildren. He was a member of Elias Lutheran Church, Emmitsburg.

Funeral services Sunday afternoon at 2 o'clock from the Wilson Funeral Home, Emmitsburg, with the Rev. Philip Bower officiating. Interment in the Taneytown Reformed Cemetery. Friends may call Saturday evening after 7 o'clock at the funeral home in Emmitsburg.

## Claim Firm Distributed Contaminated Food, Drugs Harmful To Boys And Girls

NEW YORK (AP)—The Justice Department has accused a New York firm of distributing food and drug products contaminated by a powerful sex hormone harmful to young boys and girls.

The U. S. Food and Drug Administration said the hormone can cause feminization in young boys and early internal physiological development in young girls.

The Justice Department action was taken in Brooklyn federal court Thursday against Nysco Laboratories, Inc., manufacturer of pharmaceuticals in Long Island City, Queens. Among the items it produces are dietary food supplements, prescription drugs, antihistamine tablets and tablets for acid stomach.

The government said some products were adulterated with the hormone diethylstilbestrol by failure to clean machinery properly after producing batches of the hormone.

## NAMES NOT GIVEN

The complaint did not give the trade names of the allegedly contaminated drugs.

## COUNTY BOARD GETS VIEWS ON BEST PLAN FOR SCHOOLS HERE

Adams County school board presidents and administrators urged their respective views of the best school reorganization plan for Adams County under Act 561 at a two-hour meeting with members of the county board of school directors Thursday evening in the office of the county superintendent of schools here.

At the end of the session the schoolmen were sticking to their various stands for a one-, two- or three-district county plan and the only point on which all seemed to agree was that, whatever decision the county board makes, it will be "wrong" in view of some districts. At the same time there was indication that the county board's decision may get general backing despite varying opinions held currently.

## ELECTION EFFECTS SEEN

Discussion Thursday evening reflected new hope on the part of some schoolmen that there may be "more favorable political climate" in Harrisburg for the foes of Act 561 since the election of a Republican governor and a GOP Legislature. Others felt that while there may be hope for amendments to Act 561, there is little reason for expecting repeal. County directors are on record as opposing the reorganization act.

The county board was urged to submit a three-district plan for the county to "buy time" explaining that if the state Council of Education declines to approve a three-district plan and returns it to the county for revision, the county board would have a year to make the changes and would benefit by any changes in the law to be made by the 1963 Legislature.

County board members conferred for an hour after the general meeting and set Monday, November 19, as the time for their meeting at which a decision will be made on the county plan under 561.

## COUNTY DIVIDED

President William M. Lott of the county board presided at the meeting with all administrative units excepting Conewago Twp. represented. The Conewago board was holding a meeting of its own at Midway.

Fairfield, Littlestown and Conewago Twp. are backing a single district for the county while Gettysburg Upper Adams, New Oxford, Bermudian Springs and Franklin Twp. districts favor a two- or three-district plan.

The districts were called upon in alphabetical order to argue their causes after official communications to the county board, stating the position of each board, were read in that order.

Before the discussions began, President Lott noted that "the directors of the county apparently do not agree" on reorganization plans and called upon County Superintendent M. Francis Coulson.

## ADVISE ON COULSON

The county superintendent noted that Tuesday's election may have an effect on school reorganization "but, whatever the effect, it won't occur before the January 1 deadline set by the act for the county board."

Noting that the county board "faces a difficult task," he urged that reorganization be studied in terms of what county plan will best meet the educational needs of the county; will offer the most practical assignment of elementary and secondary students, will afford the most practical routing of school buses and require the minimum of pupil assignments on tuition basis.

"We must decide what is the most practical administrative structure, a single district or a three-district structure that would come with two districts and a

## College Student Injured In Crash

Ernest D. Cooley, 35 W. Broadway, a student at Gettysburg College, suffered two broken front teeth when his bicycle collided with a car operated by Howard J. Finley, Lynchburg, Va., at the intersection of Carlisle St. and Water St. Thursday evening at 5:30 o'clock.

Borough police said Finley was driving north and attempted to turn into W. Water St. when the southbound bicycle driven by Cooley collided with the car. Damage to the right front door of the car including a broken door glass was estimated at \$25. The bicycle was damaged. Police said Cooley was operating without a front light on his bicycle and was wearing dark clothes and Finley said he did not see the young man approaching.

# MERGER PLANS REJECTED BY 56 DISTRICTS

HARRISBURG (AP) — Voters rejected school district merger plans in 56 of 106 districts balloting on such questions in Tuesday's elections.

Where merger plans were approved, the resulting district will receive a supplemental bonus from the state of \$800 per classroom unit, starting with the 1964-65 school year.

In a merger question, only those districts voting favorably will be consolidated. Those which rejected it will remain as separate districts.

**FAVORABLE HERE**  
The Department of Public Instruction survey on the school merger question, completed Thursday, showed the following results:

Adams—Highland Twp. voted to merge with the Gettysburg Area District.

Beaver—New Brighton, Fallston and Daugherty and Pulaski Twp. voted to merge.

Berks—Heidelberg, Marion and South Heidelberg Twp. and Robeson, Wernersville and Womelsdorf voted to merge; North Heidelberg Twp. voted against.

**DIVIDED RESULTS**  
Bradford—Ridgebury and Smithfield Twp. voted favorably. Cameron—Driftwood and Emporium approved merger, but Gibson Twp., Gibson Grove Independent, Grove and Lumber Twp. and Shippen-Portage Union voted against the proposed county-wide district.

Clearfield—DuBois approved but Bloom Twp., Troutville and Union Twp. rejected. In a second merger proposal, Curwensville and Lumber City approved but Ferguson Twp., Grampian, Greenwood Twp., Penn Twp. and Pike Twp. voted to retain their district entity.

Erie—Lawrence Park Twp. and Westville voted to merge.

Fayette—Brownsville, Brownsville Twp. and West Brownsville (Washington County) voted to merge.

**OTHER RESULTS**  
Lawrence—Proposed Ellwood City-Wampum merger was rejected because Wampum voters disapproved.

Mifflin—Granville Twp. and Lewistown voted to merge but Bratton Twp., Oliver Twp. and McVeytown voters refused to go along. In a second proposal, Armagh, Brown, Menno and Union Twp. all rejected.

Montgomery—Green Lane, Herford Twp. (Berks County), Marlborough Twp., Pennsburg, Red Hill and Upper Hanover Twp. merged but East Greenville rejected.

Susquehanna—Forest City and Browndale Independent approved.

**YORK VOTE WINS**  
Tioga—(three questions)—Duncansville Twp., Shippensburg and Wellsboro agreed to merge, but Charleston Twp., Delmar Twp., Middlebury Twp., Pine Twp., disapproved. In the second proposal, Elkland, Lawrenceville and Farmington and Osceola Twp. approved but Brookfield, Chatham, Clymer, Jackson, Lawrence, Nelson, Tioga and Westfield Twp. and Knoxvile, Tioga and Westfield rejected. In the third, all 14 districts—including Cogan House and Jackson Twp., Lycoming County—rejected the plan.

Warren—Clarendon and Mead and Kinzua Twp. approved. Westmoreland—Penn and Trafford rejected a merger with Penn Twp., which had approved the plan. Fairfield Twp., New Florence and Seward independent approved a second merger, but Bolivar and St. Clair Twp. voted to remain separate.

York—Eastern and Lower Windsor Twp. voted to merge.

**456 TO BE JURORS**

Judge W. C. Sheely, Sheriff Dawson R. Miller, Jury Commissioners Mervin I. Rice and Laura S. Freed and their clerk, Wilda B. Sheaffer, today placed 456 names in the jury wheel from which names will be drawn for the juries in 1963. The list will be published in The Gettysburg Times Saturday.

**Weather**

Extended forecasts for Nov. 10 through Nov. 14:

Middle Atlantic States—Temperatures will average from normal to four degrees above normal. Cooler Saturday but rising above normal Tuesday and Wednesday. Rainfall may average a half-inch Saturday with little or none thereafter.

Eastern Pennsylvania, southeastern New York, New Jersey—Temperatures are expected to average about five degrees above normal. Mild Sunday through remainder of period. Precipitation may total a half-inch or more, occurring as rain, except rain mixed with snow in the extreme northern portions into part of Saturday.

Western Pennsylvania, western New York—Temperatures will average 4 to 6 degrees above normal. Warming over weekend then cooler middle of next week. Precipitation will average a half to three-quarters of an inch as rain early Saturday and scattered showers the middle of next week.

MINNEAPOLIS, Minn. (AP) — Republican Gov. Elmer L. Andersen bounced back into a razor-thin lead over Lt. Gov. Karl Rolvaag, Democrat, today in their race for the Minnesota governorship.

A change in the reported vote from Aitkin County gave Andersen 619,728, Rolvaag 619,684, a 44-vote margin for Andersen in the

# Wedding

**McGonigal—Croft**

The marriage of Miss Patsy Ruth Croft, daughter of Mr. and Mrs. Charles C. Croft, Littlestown R. 1, to Donald Eugene McGonigal, son of Mr. and Mrs. Earl Keefer, Littlestown R. 2, was solemnized at St. Aloysius Church, Littlestown, Saturday morning at 10 o'clock. The Rev. Dr. John Metz was celebrant at the nuptial mass and conducted the double-ring ceremony.

The altar was decorated with white and yellow carnations and fall flowers. Stewart Long, the soloist, was accompanied by Miss Anna C. Weaver, the church organist.

Given in marriage by her father, the bride wore a white floor-length gown of Chantilly lace, fitted bodice dipped to a V in front and back, scalloped Sabrina neckline with minute seed pearls and sequins. It had a full wing skirt of acetate peau de soie with matching lace at the sides. The butterfly skirt was accented with bows at the back. The sleeves came to the finger tips.

**MATRON OF HONOR**

The matron of honor, Mrs. Doris Buntz, McSherrytown, wore blue silk organza with round neckline, fitted bodice and three-quarter-length sleeves. The bell-shaped skirt was accented with bows. She wore a crown headpiece of pearls with attached blue silk veil and she had blue shoes to match. The bride attendants were: Miss Peggy Croft, twin sister of the bride, and Miss Carolyn Spaner. The junior bridesmaids were: Joan Scott, Vickie Hood and Susan Keefer. Gerry Buntz, McSherrytown, served as best man and the ushers were: Richard Yingling and Robert McMaster. Hanover and Peter Matton, Littlestown. Brian Hood, Littlestown, cousin of the bride, was the ring bearer. Lisa Keefer, sister of the groom, the flower girl, wore blue organza with a full skirt. Her headpiece was a halo of yellow and white carnations and she carried a basket of the same flowers.

The bride's mother wore a white and brown metallic sheath with long sleeves and brown accessories. Her corsage was of bronze and white baby pom-poms. The groom's mother wore a beige sheath dress with black accessories and a similar corsage.

A reception was held at St. Aloysius hall following the ceremony. The couple will reside at Littlestown R. 1.

The bride is a graduate of Littlestown High School and is employed at the Windsor Shoe Co., Littlestown. The groom attended the same school and served four years in the U. S. Navy. He is employed as a route salesman for Noel's Potato Chip Co., Hanover.

Out-of-town guests were present from Baltimore, Westminster, Hanover, Gettysburg and Biglerville.

# 80 Policyholders Attend Meeting

New members of the policyholders' advisory committee of the Nationwide Insurance Companies for Adams County were selected at a dinner meeting of about 80 policyholders and local representatives of the companies Thursday evening at Trinity United Church of Christ here.

The new committee members are Harold Ecker, 166 Seminary Ave.; Walter Hay, R. 3; John Schwartz, Littlestown R. 1, and Fred Ebersole, East Berlin R. 1. Kenneth M. Hankey, York Springs R. 2, who served on the committee for the last year, was re-elected for another year. The new members succeed E. W. Baldwin, New Oxford R. 2; Paul A. Du-dash, Twin Oaks, and Luther Schwartz, R. 1. The new committee will meet soon to elect a regional representative.

The committee makes suggestions to Nationwide through regional meetings which are relayed to the home office at Columbus, Ohio.

The Rev. Charles E. Held gave the invocation Thursday. Henry Stock served as chairman. Sterling Musselman and Ray Shetter were moderators in a discussion session. Ozzie Johnson from the companies' Harrisburg office showed a film on the policyholders' meeting at Columbus last April. M. E. Ackerman, regional sales manager from Harrisburg, presented a new service "Family Insurance Service" under which the policyholder is given a blueprint of all his insurance needs.

# EXPERIMENT ON

(Continued From Page 1)

**PLEASED WITH WORK**  
Charles Klinger said, "We had one of the poorer farms in the county and our grain yield doubled. Much of our problem was drainage and now that we have solved that problem we expect to see even better results."

Roy Weaver declared, "The use of the fertilizer was but part of the program. We feel that with the fertilizer from TVA, the aid of the men from Pennsylvania State University and Mr. Zettle and the extension staff, we gained not only a knowledge of fertilizer use but a whole farm program. I was on my farm for many years, under my father's ownership and under my own, and in the last five years our crops have come a long way. We have grown alfalfa where it had never grown before, because in addition to fertilizer we did a lot of soil conservation work."

Harrison Fair said, "I'm certainly happy to have been part of the program. As a result of the general program we have enough feed despite the drought to carry us through. I won't have to buy additional feed. The program has been very helpful."

**WAGNER SPEAKS**

Wagner explained that TVA "got into the fertilizer business by an act of congress. In fact fertilizer is just one relatively small facet of the entire TVA picture of developing the Tennessee Valley area, of controlling the floods, of providing for navigation, of providing electric power. During World War I German ships sank the nitrate ships en route to the U. S. Congress decided to build a nitrate plant at Muscle Shoals, Ala. When TVA was established in 1933 the plant was turned over to TVA with instructions to use it for making munitions in time of war and experimenting with fertilizers in time of peace. In our set-up we are constantly studying fertilizer and making improvements in it. We are set up to make test tubes full of a fertilizer for use in experiments in greenhouses. If the formula looks good a few tons are made for further local experimentation.

"If it still continues to look good we made a few thousand tons and use it on experiments throughout the U. S. such as the one you took part in during the last five years. Then if the formula proves out we patent it and it becomes available to all commercial fertilizer manufacturers to make."

"While we make about one percent of all the fertilizer made in the U. S. we are not in the fertilizer business as such," he added.

**EXPRESSES THANKS**

Zettle, summing up the results of the experiments, said: "It has proven we can grow alfalfa, we have much more confidence in soil testing, for we have seen the results; within the last year fertilizer blending equipment to make the TVA materials and formulas have been brought into the county. All of these things contribute to agriculture in this county and all this is part of the contribution of the TVA program. We thank the TVA and we thank most of all Thomas Patton, associate extension director, for picking Adams as one of the counties in which the experimental program was carried out."

"I think the most important finding of the experiments is that there is still a place for the family farm in Adams County, provided they follow sound recommendations in soil and livestock management," Thomas Patton, Fred Hughes and Thomas Aiken, of the Pennsylvania State University extension staff declared. "The greatest pleasure we had in the program was becoming so closely and intimately connected with the seven families who carried out the program here. In years of talking to groups you never learn to know people as you do when you work with them, as we did, on the farm in this program. The second thing that pleased us most was giving recommendation and having them carried out and finding that they did work. We learned a great deal in the five years."

Paul Pitzer, as vice president of the Adams County Extension Association, welcomed the visitors and then, as president of the Fruitgrowers Association of Adams County, presented them with boxes of apples.

In introducing Wagner Zettle said he is a career TVA member, who became chairman in June after serving as general manager since 1961.

Wagner joined TVA in 1934, a year after it was created, as an engineering aide to the General Engineering and Geology Division. He was assigned to the navigation program and took part first in the planning and construction of the Tennessee River navigation facilities. Later he was engaged in transportation economics studies designed to develop the fullest possible contribution of low cost water transportation to TVA's total program for integrated resource development.

In 1948 he was named chief of the Navigation and Transportation Branch. In 1951 he was appointed assistant general manager and in 1954 became general manager of TVA.

A native of Hillsboro, Wis., in 1912, he received his Bachelor of Science degree in Civil Engineering from the University of Wisconsin in 1933.

## COUNTY BOARD

county office," he said and the best setup for special services, for future developments such as junior or community colleges, technical schools, summer schools and adult education or retraining," he said.

## CALL ON DISTRICTS

He noted complications involved in such places as Bonneville, and Mt. Joy Twp., if more than one district is formed. He took note of the danger of losing transportation funds from the state if a single unit is forced but suggested other economics might largely or completely offset that loss. He concluded by saying, "you may be sure the count board will consider the question in the light of what is best for education in the county now and in the future."

Albert Townsend, Bermudian Springs board president, said Plan B (two districts) was favored by a slim margin in his district but that he believed the transportation fund factor brought that decision. He said his board agreed in opposing Act 561.

The Conewago Twp. letter urging a single district was read and then Fairfield was called upon. President Joseph Lowe cited the economics offered by a single unit which he said also would give a fairer tax picture and "we're bound to go bigger soon anyway."

## SUGGESTS "BUYING TIME"

Speaking for Franklin Twp., President Thomas O. Oyler said his board was unanimously for Plan B and saw "no concrete evidence to support Plan C (the single unit plan). He said changes under Plan C would not be for betterment of school children.

For Gettysburg, President O. H. Wilson said he believed the transportation appropriation factor helped his district decide for Plan B. Gettysburg Superintendent of Schools H. Edgar Riegle said the directors here felt "we should get the greatest number of districts possible under the act. Then it seemed to be two districts but now that may be changed." It was he who suggested first that a three-district plan be submitted to "buy time" at Harrisburg.

That brought from Superintendent Coulson a discussion of problems involved in dividing the county into three districts.

## "COGS VS. WHEELS"

Speaking for Littlestown, President Wilbur Mackley said his board favored a single district 23 to 1 "to improve the education of the children, to get the most for the fewest dollars and to gain staff economies." He added, "We know cogs cost less than wheels." He noted, too, that a single district would eliminate division problems, simplify transportation and make it possible to offer a better education program.

Supervising Principal Paul King of Littlestown backed Mackley by saying he believes the "first interest in reorganization should be for the good of the education of our children" and added that he believes the taxpayers feel the

same way.

New Oxford, Board President Glenn M. Haar and Superintendent Charles Hash said the New Oxford board opposes Act 561 but favors Plan B although there is "a great deal of sentiment for a three-district plan."

## "THINK OF CHILDREN"

Board President Oscar Rice Jr. and Supt. Donald B. Hudson spoke for Upper Adams. Rice said he feels it is necessary to "buy time" and noted that if a two-district plan is adopted it would be possible later to go to a single unit if that became advisable. Hudson said "changes in Act 561 will surely come" and he urged tactics by which the county could learn of those changes before making a final decision. He urged the county board to "think of the children and the taxpayers."

A half hour of discussion followed in which Assistant County Superintendent George B. Inskip, just returned from a teachers' training course at Keefauver School, joined. Adjournment came by 9:30 p.m.

The same group had gathered for an earlier discussion session September 19.

Corporation. John Edward Kerrigan, chairman of the Adams County Allied Veterans Council in charge of the Veterans' Day activities, said the annual parade will form at the Acme parking lot on Springs Ave. at 1:30 Sunday afternoon.

## MAYOR TO PRESIDE

At 2:30 the parade, under command of the Marshal Lt. Col. John Eddy, will move east on Chambersburg St. to Lincoln Square, then south on Baltimore St. to the National Cemetery where the exercises will start at 3 o'clock.

Col. William G. Weaver, mayor of Gettysburg, will be master of ceremonies at the cemetery exercises with Rev. Harold W. Westover, rector of Prince of Peace Episcopal Church, giving the invocation and Rev. Fr. Joseph F. Kealy, pastor of St. Francis Xavier Catholic Church, pronouncing the benediction.

Following the cemetery exercises refreshments will be served at the VFW post, E. Middle St., from 5 to 6 o'clock and a military ball will be held there Sunday evening from 8 to 11 with the Variety Trio providing the music.

## LIST PARADE UNITS

The Gettysburg-Adams County barracks of World War I veterans will ride in cars at the head of the parade which will also include the following units:

Gettysburg Barracks 2794 World War I Veterans; Howitzer Battery 104th Armored Cavalry, Pennsylvania National Guard, commanded by Cpt. Donald E. Doersom; Gettysburg College Army ROTC Drum and Bugle Corps; Gettysburg College Army ROTC marching unit; Littlestown American Legion Post 321 color guard; VFW Post 477 Carlisle color guard; Gettysburg High School Band; Fairfield Amvets Post 172; VFW of East Berlin color guard, firing squad, Ladies' Auxiliary and majorettes; Hanover American Legion Drum and Bugle Corps; Hanover American Legion color guard; Gettysburg American Legion honor guard; Gettysburg VFW color guard; Bonneville CWV color guard and marching unit; Blue and Gray Band; VFW of Gettysburg majorettes; St. Thomas American Legion Drum and Bugle Corps; Gettysburg College Air Force ROTC marching unit; Shippensburg VFW marching unit; Littlestown VFW marching unit, and Letterkenny Ordnance Depot float.

Members of the committee arranging the program for the Allied Veterans Council include Chairman John E. Kerrigan, of VFW Post 15; Melvin Herring, Amvets of Fairfield; Harold Dayhoff, American Legion Post 202; O. Perry House, Biglerville American Legion; Gerald Lawrence, McSherrystown CWV; Steven Sanders, Bonneville CWV; Walter Mehring, Littlestown VFW, and Charles Spangler, East Berlin VFW.

Dr. Richard Gerstell, CD director, said Thursday federal matings funds also would be needed to construct the centers, which would cost about \$150,000 each.

Gerstell said no decision has been made on specific locations of the proposed centers. But he added they would be built on state-owned lands in eastern, central and western Pennsylvania.

The state already has three such centers in operation—at Lehigh in Carbon County and Butler in Butler County.

Gerstell also gave the council another report on a recent survey taken by the federal government on available and adequate fallout shelters.

A total of 483 shelter areas were found on state owned property, capable of providing adequate protection for some 217,700 Pennsylvanians, Gerstell reported.

A majority of the space was found in public welfare property such as state hospitals, youth development centers and state institutions.

The shelter areas were divided into two categories—those with a protection factor of 100 or over and those with a protection factor of 40 to 99.

Those areas with protection factors of 100 or more will be stocked by the federal government with food, medical supplies and other fallout equipment, Gerstell explained. The other areas will be marked, but not stocked.

The council also recommended an additional \$376,000 for construction of the Lackawanna River Flood control project in the borough of Mayfield; \$35,000 in additional funds for the Duffy Run flood control project in Luzerne County; \$207,000 for the proposed Celebration Creek flood control project in Schuylkill County; and \$236,000 for the proposed Indian Hollow Run flood control project in Warren County.

## WHAT REMAINS?

Thursday night, Assistant Secretary of State Edwin M. Martin acknowledged in a radio interview (Mutual-Capitol Assignment) that inspection of departing ships at sea "would not necessarily tell us what was left behind."

At the United Nations, informed sources reported that the Soviet Union has told the United States all Soviet missiles will be out of Cuba by Monday and there will be no need for U.S. naval inspection of outbound Soviet ships after that date. The inclination in Washington was to view this as informative, rather than an attempt to set a deadline for when at-sea inspection should cease.

## SEEK FUND FOR UNDERGROUND STATE CENTERS

HARRISBURG (AP)—The State Council of Civil Defense plans to ask the 1963 legislature for \$250,000 to build three underground emergency centers.

Dr. Richard Gerstell, CD director, said Thursday federal matings funds also would be needed to construct the centers, which would cost about \$150,000 each.

Gerstell said no decision has been made on specific locations of the proposed centers. But he added they would be built on state-owned lands in eastern, central and western Pennsylvania.

is chaplain of Lebanon Catholic High School. Father Hemler is assistant pastor of St. Catherine Labourer Church, Harrisburg.

The Rev. Anthony A. McGinley, pastor of St. Patrick's, Carlisle, who spent eight years in the service of the Annunciation parish, will preach the sermon.

A reception will follow the formal program at 4 o'clock in the afternoon in the parish with F. Joseph Sneeringer, toastmaster. The opening prayer will be delivered by Rev. Richard F. Hartnett and congratulatory remarks will be made by Robert Staub and Mrs. Marlyn Weaver for parishioners. Sneeringer will present a plaque and purse for the K. of C. and Bernard I. Noel will present the parish purse.

A musical program will be presented by students of Annunciation school under the direction of Sister Gertrude Francis, SSJ.

## BORN IN 1888

Monsignor McGee was born June 3, 1888, at Locust Gap and attended the parish school of St. Joseph's conducted by the Immaculate Heart Sisters. In 1903 he entered St. Charles Seminary, Overbrook, and was ordained December 14, 1912, at St. Peter and Paul's Cathedral, Philadelphia.

He celebrated his first solemn mass at St. Joseph's Church in Locust Gap, and was assigned to the McSherrystown parish as assistant pastor, before receiving assignments to the Assumption, Lancaster and St. Patrick's, York.

In 1915 he was appointed chaplain at the tuberculosis sanatorium, Mt. Alto, and in 1918 entered military service as a chaplain.

At the end of the war he returned to Mt. Alto and in 1922 was appointed pastor of St. Joseph's Church, Dallastown, by the Most Rev. Philip R. McDevitt, D.D. In 1933 he was named rector of St. Patrick's Cathedral, Harrisburg, and in 1938 became pastor of Annunciation in McSherrystown.

On June 24, 1962, the late Pope Pius XII elevated him to the rank of domestic prelate with the title of right reverend monsignor.

Additional offices he has held in the Harrisburg Diocese are synodal examiner, diocesan consultant, member of the building committee, examiner of clergy and vicar forane of the Adams County Deanery.

TO BUILD BRIDGES Sanders Construction Co., Gettysburg, has been awarded a \$228,666 contract for highway bridge construction in this county, the state Highway Department said Thursday. The project involves construction of bridges over Willoughby Run and Marsh Creek in the relocation of the

Gallorette Stakes Draws Big Field

PIMLICO, Md. — A group of 41 fillies and mares, including many of the biggest names in the distaff division, has been nominated to the \$25,000-added Gallorette Stakes at Pimlico on Saturday, December 1.

The purse for the Gallorette, which will have its eleventh running this year, has been increased from \$15,000 to \$25,000. The filly-and-mare feature is one of six stakes worth \$185,000 in added monies to be presented during Pimlico's 28-day autumn meeting, November 14-December 15.

The Gallorette, honoring the memory of the Maryland-bred daughter of Challenger II—Gallorette who was named by the American Trainers' Association as America's greatest race mare, is staged at the distance of a mile and one-eighth.

FIFTY-SEVEN YEARS AGO

**Honor Memory Of Navy Officer:** Friends are invited to call at the Bender Funeral Home from 7 to 8 o'clock when tribute will be paid to the memory of Lt. (jg) Delbert Lawrence Gideon, U. S. N., by an honor guard at the closed casket. Brief funeral service for Lieutenant Gideon, who died in an airplane crash during the war and who was originally interred on a Pacific island, will be held Saturday morning at 10 o'clock with the Rev. Dr. Ralph R. Gresh officiating. Military honors and graveside services will be conducted in the Gettysburg National Cemetery. Pallbearers will include veterans of armed force duty, Harry D. Ridinger, Willis Weikert, Paul L. Spangler, C. Leslie Fair Jr., William G. Weaver and Wilbur L. Plank.

**Negro Named To High Post:** Robert E. Miller, 55-year-old Negro who financed his education by working as a post office clerk, has been named to the Philadelphia municipal court — the highest judicial position ever held by a member of his race in Philadelphia. Former assistant director of public safety in Philadelphia, the gray-haired Negro was appointed last night by Gov. James H. Duff to replace the late Judge Charles L. Brown who died recently. Miller, a leader in legal political and welfare affairs in Philadelphia for a number of years, served as deputy state attorney general under former Governor Gifford Pinchot in 1932.

**Arendtsville Mardi Gras:** More than 4,000 attended the Mardi Gras held Friday evening at the South Mountain Fair Grounds by the Arendtsville Fire Company. Pavilions were jammed for the events which included a masked ball, square dancing, movies, games and a masquerade parade. Over \$100 was distributed among the prize winners with \$5 given as first prize in all events. Charles Conover, son of Harry Conover, Mt. Holly Springs, was awarded the automobile. During the evening the fire company demonstrated its new fog-fighting equipment by putting out a blaze set on the fairgrounds.

**Arrangements Made For Burials:** Arrangements have been completed for interment here of 18 of the 600 overseas war dead scheduled to be buried in the Gettysburg National Cemetery, Supt. Alvin C. Baker said today. There will be four burials a day on Tuesday, Wednesday, Thursday and Friday and two interments on Nov. 10. Full military honors will be paid the returned heroes, whose homes are all over the state, at the graveside services with a firing squad of eight men and a bugler from Carlisle barracks scheduled to be here. Local ministers and priests will be present for the services and next of kin are planning to be present.

**Snow Loader Arrives:** Borough highway department authorities are ready for winter and snow. The borough's new snow loader arrived this morning and was unloaded at the Reading company's yards and taken to the highway garage on Race Horse Alley. Although there was no snow to test the loader, Borough Engineer LeRoy H. Winebrenner gave the machine a work out on a cinder pile and said it "came through with flying colors." The loader is known as a "Pneu-Hydro" snow loader and was manufactured at Cadillac, Mich. It cost the borough \$2,050.

**Opens Dental Office:** Doctor Waybright Revere Thomas has begun his practice of dentistry in Biglerville. His office is at his home on North Main Street in Biglerville. He is the son of Mrs. Guy Revere Thomas and the late Mr. Thomas. A graduate of Biglerville high school, Dr. Thomas attended Gettysburg College and Yale University before entering the dental school of the University

### Today's Talk

MISUNDERSTANDING

How this world gets jumbled up, time and again, because of misunderstanding. Most wars come about because of this very thing. And most of the unhappiness that comes to human beings may be traceable to misunderstanding.

When you stop to think of it, how stupid it is to misunderstand. Our courts are clogged with cases that have resulted, purely and simply, from misunderstanding.

I cannot believe that any man enjoys being an enemy to anyone — and yet, misunderstanding creates about all the enemies who run about. Getting together, seeking an understanding, is such a simple thing. We are around in the world but for a little while and there is all too little time in which to make people happy — so why misunderstand?

Nothing has ever been gained by antagonism. I like the frank person who comes to you and speaks right out who looks you right in the face, when a misunderstanding has arisen — and then there seeks an understanding.

To harbor a grudge against another is like carrying poison around within your mind or body. It always spreads, too.

I know persons with whom you cannot pick a quarrel, with whom you cannot create a misunderstanding — because they will not permit it. What wholesome individuals. What persons for friends.

After all, is there a greater, or more important, task in this life than to create and hold a friend?

Tomorrow Mr. Adams will talk on the subject: "Within The Shadows"

### Just Folks

**WEALTH**  
There is a wealth of silver, of copper, steel and gold. A wealth of land for tillage but these alone are cold. And man may own such treasures, ten times beyond his need. But lacking other riches he'll still be poor indeed.

For there's the wealth of spirit; the wealth of heart and mind; The wealth of great good nature exalting all mankind. And who seeks only treasures his grasping hands can clutch To fill his purse and pocket must rob himself of much.

Oh, there's the wealth of beauty, of field and stream and sky. Of hours that bring no profit save charm to ear and eye. And there's the wealth of friendship that makes a life complete! Who merely fills his pocket lives just to drink and eat.

After being twice postponed and with the weather prognostications calling for more rain another attempt to stage the parade would not be worth while. Money donated will be returned to the donors.

**First Woman Elected To School Board:** With Mrs. Erma D. Poppay, women's organizations' candidate, leading the field, Gettysburg voters elected three new school directors and two new councilmen at Tuesday's election. Mrs. Poppay, Dr. R. D. Wickham and Ray J. Kitzmiller are the three new school directors. The fourth candidate was Glenn L. Bream. In close voting, the first ward elected Wilbur J. Stallsmith to council for another term.

### CANCER JURY DELIBERATES FOR 2ND DAY

PITTSBURGH (AP)—The trial of a damage suit in which a Pittsburgh carpenter contends cigarettes gave him lung cancer remained in the hands of a jury today after the panel failed to reach a verdict Thursday night. The U. S. District Court jury of eight women and four men was scheduled to resume deliberations today after deliberating almost nine hours.

James P. McArdle, attorney for Otto Pritchard, 64, who is suing the Liggett & Myers Tobacco Co., has asked the jury to award Pritchard \$213,000. Several doctors testified in Pritchard's behalf during the six-week trial—the second for the Pritchard case—that they believed cigarette smoking caused his cancer. However, a number of doctors also testified for Liggett & Myers that there is no evidence of a definite link between cigarettes and lung cancer.

The first trial in 1960 ended when the judge ruled there was insufficient evidence to allow the jury to decide on a verdict. The U. S. Circuit Court of Appeals later ruled on an appeal by Pritchard and ordered a new trial, saying the first trial should have gone to the jury.

### CHAMP STEER SELLS HIGH

HARRISBURG (AP)—The grand champion steer of the sixth Pennsylvania Livestock Exposition brought \$2.10 a pound at auction Thursday. Wesley S. Mast, 18, of Elverson R. 2, received \$2,215 for the champion, a 1,055-pound Angus named Kinney II. The purchaser was A. B. Hollinger & Son, of Lancaster.

Champions chosen included: Breeding cattle—Shorthorn female—Pennsylvania State University. Breeding swine—Berkshire boar—Pennsylvania State University. Breeding sheep—Corriedale ram and ewe—Walter Newton Jr., New Albany, Bradford County.

### FINAL TOTALS ON PA. VOTES

PHILADELPHIA (AP)—Here is the final unofficial vote with all of Pennsylvania's 9,200 precincts complete:

Governor  
Richardson Dilworth, D, 1,916,751; William W. Scranton, R, 2,386,873

U. S. Senator  
Joseph S. Clark, D, 2,214,825; James E. Van Zandt, R, 2,106,194

Supreme Court  
Earl S. Keim, D, 2,024,689; Samuel J. Roberts, R, 2,224,420

Lieutenant Governor  
Stephen McCann, D, 2,044,110; Raymond P. Shafer, R, 2,215,453

Secretary of Internal Affairs  
Genevieve Blatt, D, 2,131,047; Audrey R. Kelly, R, 2,127,954

and named Samuel Weiser to succeed Harry J. Troxell. The second ward re-elected Fred A. Hummelbaugh to council and selected J. Calvin Shank to succeed Ray M. Hoffman, who was not a candidate. In the third ward, Councilman Harry E. Koch and H. M. Oyster were re-elected, defeating Harold Cromwell, one of the Democratic nominees. Koch ran on the Republican ticket and Oyster held both nominations.

Twenty-five of America's 42 living Nobel Prize winners attended land-grant colleges.

### Gets \$69,200 In Art Damages

PITTSBURGH (AP)—Art collector G. David Thompson will receive \$69,200 for damages to paintings stolen from his suburban Whitehall home under a ruling made in Allegheny County Court. The order of Judge Robert Van der Voort specifies the Insurance Co. of North America reimburse Thompson for that amount within 10 days.

He set Thompson's total loss at \$126,700 but ruled he can collect only \$69,200 under value limitations of the insurance policy.

The FBI recovered the paintings five months after they were stolen last year and Thompson filed suit to collect the full insured amount of \$189,000 because of damage to them.

### AAU, NCAA STUDY TRUCE

NEW YORK (AP)—A government-proposed truce is under consideration by the two powerful groups battling over control of U.S. amateur athletics and will be discussed further at a meeting here next Monday.

Officials of both the National Collegiate Athletic Association and the Amateur Athletic Union had confirmed today that the principles for a possible agreement were outlined at a meeting in Washington late last month. The Washington meeting, it has been persistently reported, was arranged at the urging of Atty. Gen. Robert F. Kennedy in the interest of avoiding a continued conflict that could weaken U.S. teams for the 1964 Pan American games and the 1964 Olympics at Tokyo.

While Kennedy has refused to confirm or deny the report, saying only that he is interested in a settlement of the 2½-year squabble, a Justice Department spokesman confirmed Thursday the attorney general's participation.

Writing in the Oakland (Calif.) Tribune, Ed Schoenfeld quoted Ed Gruthman of the Justice Department: "Yes, the attorney general was at the meeting. He told those in attendance that he feels this dispute is detrimental and harmful to our athletic program, our participation in the Olympic Games and in our exchange program of athletes with other countries."

### 8 CFA GRANTS

WASHINGTON (AP)—The Community Facilities Administration has announced eight grants to help finance construction of projects in Pennsylvania under the accelerated public works program.

At the same time, the administration Thursday announced four interest-free loans for other projects in the state.

PHILADELPHIA (AP)—Full-back Clarence Peaks of the Philadelphia Eagles signed his 1962 contract with the National Football League club Thursday, it was announced.

Under NFL rules, a player may play during the season without signing a contract but if by the end of the season he hasn't signed he receives the salary he received the previous season and becomes a free agent.

winner of the West German championship and one of the world's greatest amateur performers, who now is on her third Ice Follies tour. Ina was the top freestyle skater in Europe and became one of the most popular European stars of all time because of her beauty and graceful style. She's an attractive 21-year-old, green-eyed, redhead whose home is Krefeld, Germany, in the Rhineland. In addition to her skating exploits, Ina has developed into a top European film star. She has made two highly-successful movies for Germany's major studio.

Latest of the Follies' stars is attractive Jean Wrigley who vaulted into a featured role with the show last season in midtown. Jean, eastern Canadian ladies' junior champion, will enact Kiss in' Cousin Clementine in the Patchbottom's Party production, a number designed just for the kiddies. Newcomer Dorothyann Nelson, a triple gold medalist, U. S. senior pairs champion and a member of the U. S. World team at Prague, is Richard Dwyer's new partner, lending her special talent to a sparkling new routine.

Also in a featured role this season is Jill Shipstad, 18-year-old blue-eyed beauty who is following in the footsteps of her illustrious father, Roy Shipstad, one of the greatest male skaters of all time, and co-owner-producer of Ice Follies.

The Heidlersburg United Brethren Church will hold home-coming services Sunday, the pastor, Rev. Jacob F. Stover, announced today.

Sunday School sessions will begin at 10 o'clock Sunday morning with guest teachers for the adult classes. A worship service will be conducted by the pastor at 11 o'clock.

Rev. George E. Weaver, pastor of the Waynesboro United Brethren Church, will bring the message, "The Church in the World," at a service Sunday afternoon at 2:30 o'clock. Former pastors and "sons of the church" have been invited to bring greetings to the congregation at the 2:30 service. Special music will be furnished by former members.

A lunch will be served at 12:45 o'clock Sunday afternoon to all those present. During the fellowship lunch some of the older members of the congregation and area will speak on the "good old days," Rev. Mr. Stover said, in urging "all former members, friends of the church and neighbors" to attend.

### WON'T ACCEPT PLEAS IN PRICE FIXING CASE

PHILADELPHIA (AP)—U. S. Dist. Judge John W. Lord Jr. has refused to accept no defense pleas in a price fixing case unless federal probation officers are able to conduct a pre-sentence investigation of each defendant, both corporate and individual.

The judge made the statement Thursday after the pleas were made by seven firms and 11 individuals, indicted last June on two counts of conspiracy involving the sale of school supplies to school districts in six states.

Lord said he wanted financial statements from each defendant, including corporate earnings of the corporate defendants for the past five years and earnings of the individuals for the same period.

### SCHOOLS AFFECTED

The judge directed the probation office to bring to his attention any case in which a defendant failed to cooperate in volunteering the information sought.

The pleas of no defense (nolo contendere) were protested by John J. Hughes of the Philadelphia antitrust division of the Justice Department. Hughes said hundreds of school districts had been affected by the alleged price fixing, which, he added, had existed 19 years in the first indictment.

### U.S. Long-Range Missile Strength Exceeds Soviet Says Intelligence Report

LONDON (AP)—America's long-range missile strength far exceeds that of the Soviet Union, according to an intelligence report issued today by the British Institute for Strategic Studies.

The report claims the United States has between 450 and 500 intercontinental ballistic missiles compared with 75 in the Soviet arsenal.

But the institute says existing Soviet rockets of this type have powerful boosters and can carry larger nuclear warheads than such American equivalents, as the Titan.

Theoretically, said the report, the Communists could launch 50-megaton warheads into a ballistic

and seven years in the second. The first indictment involved sales in Pennsylvania, Delaware, New Jersey and 38 counties in eastern New York.

## Powerful Buffalo Here Saturday As Bullets End Home Grid Season

Gettysburg College will be out to halt a three-game losing streak at the hands of the University of Buffalo when the Bullets and Bulls tangle on Memorial Field Saturday afternoon in a 1:30 o'clock contest.

Buffalo has dominated the short three-game series since 1959 and many of the leading personnel in last year's verdict will be returning Saturday. Quarterback John Stofa, Johnstown, is currently the main cog in the Bulls' offensive machine. Stofa has completed 41 of 97 aeriels for 645 yards and has thrown four TD passes and four conversions. In addition to his passing, "Long John" has registered 161 yards rushing on 58 carries. He has scored 32 points on five TD's and one rush conversion.

The top ground-gainer for the Bulls is fullback Jim Burd, North Tonawanda, N. Y. The 5'11", 188-pounder has collected 224 yards on 56 carries for a 4.0 average. Halfback Tom Butler, 6', 182, has been Stofa's main target. Butler has pulled in eight aeriels for 173 yards and three touchdowns and one pass conversion.

### PLAY POWERFUL FOES

Buffalo, which is playing its first season as a major college in the NCAA, will come to Gettysburg with a 4-3 record. The Bulls have defeated Boston U., Delaware, Temple and Bucknell and have lost to Holy Cross, Villanova and Ohio U.

Dick Offenhamer, in the eighth season at the Buffalo helm, will start Stofa and Butler in the backfield along with halfback Bob Baker, 6', 181 pounds and fullback Carl Graziadei, 6', 183.

The forward wall will consist of Ends Jim Bowden, 6', 176, and Larry Gergley, 6'1", 200; tackles, Kevin Brinkworth, 6', 200, and Gerry Philbin, 6'2", 214; guards, John Michino, 6', 212, and Jim Wolfe, 5'10", 203, and Center Jim Wick, 6'2", 212 pounds.

### MAY ALERT LINEUP

Gene Haas, Gettysburg tutor, has been preparing for another typically tough Buffalo squad and may make several last minute adjustments on both offense and defense. Don Enders, Sophomore quarterback from Camp Hill, will once again direct the squad with another Camp Hill man, Rick Taylor, at fullback. Phil Parsons, Cherry Hill, N. J., and Tony Presogna, Sophomore from Curwensville, will handle the halfback assignments.

The front line will include Dick Clower and Dave Wehr at the ends; Tom Shreiner and Dick Foellner at the tackles; Dick Murphy and Bill Samuel, guards, and veteran Bob Duncan at center.

The Bullets are 2-5 on the season. They have turned back Albright and Muhlenberg while losing to Bucknell, Delaware, Lehigh, Lafayette and Wittenberg.

## AMERICANS EDGE RUSS SQUAD 70-66

By SHELDON SAKOWITZ  
Associated Press Sports Writer  
NEW YORK (AP)—"This is the best Russian team I've ever seen."

Bud Browning, coach of the United States men's basketball all-stars, was reflecting on the improved performance of the Soviet Union squad. The Americans, composed of AAU players, were hard-pressed to edge the Soviets 70-66 in Madison Square Garden Thursday night.

The game, played under international rules, was the Soviets' first in their eight-game tour of the United States. The teams meet next at the University of Maryland Saturday night.

### RUSS GETS WIN

In the opening game of the twinned, the Soviet national girls' team turned back the Nashville Business College, women's AAU champions, 59-57, in double overtime.

"Things will get tougher right along," added Browning. The Bartlesville Oilers' coach admitted, "The Russians are shooting better and they've become far more aggressive, especially off the boards."

Six members of the Soviet squad played on the team which finished second to the U.S. in the 1960 Olympics.

The victory was America's 19th in 21 games in international competition with the Soviet Union since the inauguration of the exchange series between the countries in 1958.

Stjepan Spandarian, head coach of the USSR club, was disappointed with the result and through an interpreter, said he wouldn't talk about the game.

## FLORIDA A&M IS BEST SMALL COLLEGE TEAM

By THE ASSOCIATED PRESS

The powerful Florida A&M Rattlers continued to roll along as the No. 1 team in The Associated Press' weekly small-college football poll today on the strength of their 38-6 victory over North Carolina A&T.

The Rattlers' most recent success last Saturday lifted their record to 6-0. They collected 70 points in the balloting by The AP's eight-man board of selectors.

Wittenberg, 27-6 conqueror of Gettysburg, moved up two places to second. The Ohio team replaced Southeastern Louisiana, which tumbled to sixth after losing to Louisiana Tech 27-15.

### OTHER ELEVEN

Southern Mississippi remained in third place. It whipped Arkansas State 20-7 Saturday for a 7-1 record. Northern Illinois climbed from seventh to fourth after walloping Illinois Normal 48-7. Central Oklahoma State maintained fifth position.

Texas A&I advanced one notch to seventh while Lenoir-Rhyne fell two positions to eighth. Texas A&I defeated Lamar Tech 7-0 while Lenoir-Rhyne edged East Carolina 7-6. Fresno State, which beat Long Beach State 50-0, moved up from 10th to ninth.

Pittsburg, Kan., State climbed back into the top 10, replacing Southern Illinois, which was ninth a week ago. Pittsburg whipped Emporia State 21-14 and Southern Illinois lost to Northern Michigan 14-9.

## PITT PICKED TO LOSE, YALE TO TAKE PENN

By RALPH BERNSTEIN

Associated Press Sports Writer  
PHILADELPHIA (AP)—The only difference between predicting football results and election results is that they won't allow you to project after the first quarter is in. Here goes with our 138-50-759 record on the line:

Notre Dame over Pitt—The Irish have found the winning formula and should get better each week.

### YALE TO BEAT PENN

Yale over Penn—Our hopes soared higher than reason last week.

Penn State over West Virginia—The Mountaineers don't want to beat State as much as they love to hang it on Pitt.

Delaware over Rutgers—Edge to the home team in a squeaker.

Villanova over Massachusetts—Easy for the Wildcats.

Colgate over Bucknell—The Red Raiders overcome Giardano's passing.

East Stroudsburg over Bloomsburg—The Rams remain undefeated, untied and become Eastern State College Conference champs.

### BULL OVER BULLETS

Buffalo over Gettysburg—The Bulls over the Bullets.

Susquehanna over Union—Defense and Kerstetter and Erdman keep Susquehanna record perfect.

Temple over Toledo—Hard luck Owls shake the snakebite.

Skipping over the chalklines:

Lafayette over Wayneburg, Lehigh over Merchant Marine Academy, West Chester over Cheyney, California over Edinboro, Mansfield over Kutztown, Slippery Rock over Clarion, Indiana over Lock Haven, Delaware Valley over Millersville, Shippensburg over Montclair, Albright over Juniata, Allegheny over W. & J., Westminster over Carnegie Tech, Dickinson over Johns Hopkins, Muhlenberg over F. & M., Baldwin Wallace over Geneva, Delaware State over St. Paul's, Kings over Ursinus, C. W. Post over Moravian, PMC over Swarthmore, John Carroll over Thiel, Wilkes over Haverford.

South: Mississippi State at Auburn, Georgia at Florida, Clemson at Furman, Florida State at Georgia Tech, Vanderbilt at Kentucky, Texas Christian at Louisiana State, North Carolina State at South Carolina, Tulane at Tennessee, Wake Forest at Virginia Tech, North Carolina at Virginia, George Washington at William & Mary.

Midwest: Nebraska at Kansas, Illinois at Michigan, Pittsburgh at Notre Dame, Indiana at Ohio State, Brigham Young at Western Michigan, Dayton at Miami (Ohio).

Southwest: Tulsa at Houston, West Texas State at North Texas State, Texas A&M at Southern Methodist.

Far West: Utah at Arizona State, Kansas State at Arizona, Oregon State at Idaho, Montana State at Montana, Texas Western at New Mexico State, Colorado State U. at New Mexico, Washington State at Oregon, Wyoming at Utah State, California at Washington.

WILMINGTON, Del. (AP)—The athletic director of Lehigh University says "schools in a league should have a standard set of rules and regulations."

Bill Leckonby, the athletic director, said Thursday night that balance and standardization are lacking in the Middle Atlantic Conference. He said he is not against the MAC but would like to advocate something similar to the NCAA scholarship program for the conference.

"I believe the Ivy League is the epitome of the type of standards we'd like to pursue," said Leckonby in an address before the Newark and Wilmington touch-

down clubs.

Leckonby, former football coach at Lehigh, said it costs \$2,700 a year to attend Lehigh but much less to attend other schools in the MAC.

"As a result," he said, "It's more difficult for us to get the very good football players who can't afford our tuition or do not measure up to our high academic standards."

Leckonby said the most important phase of any successful league is its scholarship program.

The NCAA scholarships offer a boy free room, board and tuition, plus \$20 a month," he said. "That means all the schools can compete on an even basis, as each offers exactly the same. I'd like to advocate something similar for the MAC, to put all schools on the same footing."

## NEVER BEND IS FAVORED IN STAKES' RACE

CHERRY HILL, N.J. (AP)—

Never Bend, a handsome son of Nasrullah, ranks as a prohibitive favorite for Saturday's running of the rich Garden State Stakes—a race that could make him a marked pony for next year's Kentucky Derby.

The fleet juvenile, rated by many as one of the most promising young colts in many years, could virtually assure himself of the 2-year-old championship with a victory.

He's won seven of nine starts and is expected to go as an odds-on, 1-5 favorite. If he wins, he'll be marked as the horse to beat in the 1963 Derby.

Capt. Harry F. Guggenheim, master of Cain Hoy Stables and owner of Never Bend, said the colt will be retired for the year after the event and shipped to Florida to train for the Flamingo.

7 OTHER COLTS

He is expected to go against seven other 2-year-old colts in the mile and one-sixteenth test. If eight start, the race will gross \$274,330 with \$164,718 to the winner.

Woody Stephens, who trains Never Bend, rated Wilner's Crenshaw the colt to beat. Crenshaw has won his last three starts. Harbor View Farm's Master Dennis also is expected to get some attention.

Manny Yeaza will be up on Never Bend, Willie Shoemaker on Crenshaw.

Fight Results

WORCESTER, Mass.—Johnny Dean, 132, Philadelphia, stopped Taco Gonzalez, 136, New York, i.

PHILADELPHIA—Mel Middleton, 131, Philadelphia, outpointed Clarence Williams, 137, Philadelphia, 8; Johnny Knight, 135, Philadelphia, outpointed Fernand (Vern) Chretien, 135, Toronto, 8.

MIAMI—Harry Tetlow, 157, Miami Beach, outpointed Jimmy Vaughn, 152, Homestead, Fla., 8.

## Bigler Jr. High Edges Littlestown

Biglerville Junior High scored in the final two minutes of play to edge Littlestown 7-0 on the Cannons' field Thursday afternoon.

The Cannons opened their scoring drive on their own 45 with the big ground-gainer being a 25-yard pass from Barry Jacoby to Raymond Bosserman, to put the ball on the 15. A short time later Bob Cline went through tackle from the two-yard line for score. Cline then added the extra-point on a carry.

Biglerville controlled the ball throughout and never permitted the Little Thunderbolts to move beyond midfield. The Cannons, who finished with a 2-4 record, picked up seven first downs against one for Littlestown.

Both have listed the game as a "must" on their schedules with victories being mandatory for successful campaigns. The Warriors, who finish their season with the game, are 5-4. Biglerville, with another game remaining, is 4-3-1.

The season's largest crowd is expected to watch the intra-county rivals clash for the third time. Biglerville has won both previous games.

Two scholastic games are scheduled for Saturday evening at 8 o'clock.

Delone Catholic, 3-5, winds up its campaign by meeting South Western (5-4) at McSherrytown as the Squires hold their first homecoming observance.

Bermudian Springs, 1-4-2, also rings down the curtain on its season by hosting Kennard-Dale, 1-8, on the Biglerville High School field.

By THE ASSOCIATED PRESS

A myth was punctured, a fact was ascertained and an oddity went by the boards in the lone National Hockey League game played Thursday night.

Detroit's "dream" of an undefeated season vanished in the spray of the Montreal rink as the Canadiens thrashed the Red Wings 4-1 to hand them their first defeat of the season. The surprising Red Wings had won 8 and tied 2 of their first 10 games.

Jacques Plante substantiated his claim as hockey's No. 1 goalie by limiting the high-flying Wings to one goal in his first outing since the opening game of the season. The masked marvel, who has been out with a respiratory ailment, turned back 31 shots.

Now to the oddity. In all their 11 games prior to Thursday night the Canadiens permitted the opposition to score first.

The Canadiens changed the script, they scored first.

ENDS GAME STREAK

The endurance record of goalie Glenn Hall of the Chicago Black Hawks will end at 532 games Saturday when he misses his first NHL game. The Hawks play at Montreal.

Hall left the nets Wednesday night after playing a total of 33,130 minutes and 21 seconds without relief since breaking into the NHL eight years ago. In fact, Hall left no game for any reason since 1951 when he began with Indianapolis.

The 31-year-old iron man has a strained back and left in the first period of Wednesday's game with the Boston Bruins of his own accord. He was replaced by Denis DeJordy, 24, called up from Buffalo of the American League.

Len Watters, Williams' College football coach, is rounding out 40 years of high school and college coaching.

## Canners Oppose Warriors Here Tonight At 8

Gettysburg and Biglerville will have the football scene all to their own tonight when they meet on the Warriors' gridiron at 8 o'clock in a Blue Mountain League game.

Both have listed the game as a "must" on their schedules with victories being mandatory for successful campaigns. The Warriors, who finish their season with the game, are 5-4. Biglerville, with another game remaining, is 4-3-1.

## BRIBER CITES DOUBLE-CROSS IN CAGE GAME

NEW YORK (AP)—Testimony given by Aaron Wagman, an admitted briber of college basketball players, revealed that the backers of the giant plot once accused the fixers of a doublecross.

Wagman's testimony was given Thursday at the trial of Jack Molinas, a lawyer and one-time star with Columbia University who later played with the Fort Wayne Pistons of the National Basketball Association.

Molinas, barred by the NBA for betting on games, is specifically charged with bribing Billy Reed, a Bowling Green (Ohio) player, conspiracy in attempting to fix 25 games and subordination of perjury.

Wagman said he and Joseph Green, a co-conspirator, were summoned January 1960 to a Pittsburgh hotel by David Goldberg, whom he previously had identified as Molinas' backer.

Goldberg, Wagman said, had lost \$60,000 on an allegedly "fixed" game between the College of the Pacific and St. Mary's in San Francisco, Jan. 12, 1960. CTP was supposed to have lost by 8 or more points but St. Mary's won by seven, 61-54.

According to Wagman, Goldberg suspected there had been a leak. "Who got the game hot," Wagman quoted Goldberg as saying.

CHINESE REDS  
LAUNCH FRESH  
DRIVE ON INDIA

By HENRY S. BRADSHAW  
NEW DELHI, India (AP)—The Chinese Communists have launched fresh attacks at the eastern end of the Himalayan battle line, the Indian Defense Ministry announced Thursday. The action broke a lull of more than a week.  
The fighting was at Walong, 15 miles from the Burma border, with the Communists making five shooting strikes in the past two days.  
A defense spokesman also reported an Indian patrol clashed with the Red Chinese outside Chang, near the monastery town of Towang.  
Tawang, just east of the Bhutan border, was captured by the Chinese more than a week ago.  
Some 850 miles to the northwest, the Red Chinese continued a military buildup near the strategic front line Indian airport of Chushul in Ladakh.  
**NEHRU CHEERED**  
The Red Chinese attacks came as Indian defiance grew against Peiping overtures for a deal.  
Parliament cheered Prime Minister Nehru as he declared the Indian people will drive the "expan-

sionist, imperialist-minded" Red Chinese invaders from "the sacred soil of India, no matter how long and hard the struggle may be."  
"No self-respecting country that loves its freedom and integrity can possibly submit to this challenge," Nehru told the crowded chamber. "Certainly not India."  
His defiant statement in effect rejected a new Chinese offer to withdraw from the territory it has occupied on the Northeast Border if India would give up the Ladakh area adjoining Kashmir and Tibet in the Northwest. India rejected a similar swap in 1959.  
**EXPECTS LONG WAR**  
Peiping's offer confirmed what many observers have felt was the Chinese aim in the last five years of border encroachment—to make Ladakh a secure connecting route between Tibet and western Chinese province of Sinkiang. The Chinese have already built a road between Tibet and Sinkiang across Ladakh.  
Nehru warned Parliament the fight against the "massive Chinese invasion" was not going to end soon—"We may have to face this for a number of years."  
Outside Parliament 3,000 persons demonstrated with banners reading "No negotiations with China."  
Nehru asked Parliament to approve measures for a long struggle.

DILWORTH TO  
VACATION ON  
WEST COAST

PHILADELPHIA (AP)—Richardson Dilworth, the Democratic candidate for governor who was defeated by Republican William W. Scranton, plans a three-week vacation with his wife in Southern California and Mexico before returning to private law practice.  
Asked if he had thought about a federal appointment as a judge or to some other post in the administration of President Kennedy, Dilworth said:  
"I would have no interest in going on the bench. I don't feel a man should become a judge after he passes 60 years of age (he is 64). As for another appointment, I really haven't thought about it or heard anything like that."  
**WAS BOGGED DOWN**  
In reviewing Scranton's huge victory of 470,000 votes, Dilworth said his campaign "never got off the ground."  
Asked what the biggest factor was, he replied:  
"You can't ever say when you get beaten so decisively. It was a whole accumulation of all kinds of things. When they are added together they can do it. My opponent did a really effective job in playing up all the irritations the

public has—the chronic unemployment which really goes back more than 50 years, the natural antipathy of the voters of the state for the 'big city,' the grand jury and the so-called 'corruption,' not to speak of 'bossism' which is not a bona fide issue but an effective issue."  
Dilworth said he honestly feels the Democratic organization in Philadelphia hated him well. His inability to pile up a huge margin in Philadelphia helped spell his defeat.  
**PARKING SITUATION**  
"Bill Green (Democratic city chairman who at first opposed Dilworth) and the organization went all out and did all they could for me," said Dilworth. "Maybe it was the parking situation in South Philadelphia, maybe it was the way I campaigned, although I never have campaigned any other way."  
During his last administration as mayor of Philadelphia, Dilworth advocated a \$40 a month overnight parking proposal in South Philadelphia and was stoned by residents when he appeared there to outline his plan. He was also criticized during the campaign for being emotional and explosive.  
Only one showboat ever went to sea. The Hippodrome was wallowing from the Mississippi Sound to Mobile Bay when it got caught in a storm that raged for 24 hours.

USSR APPEARS  
REVISING PLAN  
ON SHOWDOWN;  
MAY EYE PEACE

By JOHN M. HIGHTOWER  
WASHINGTON (AP)—Soviet Premier Khrushchev evidently is revising his diplomatic strategy to bring it into line with his nuclear weapons retreat from Cuba.  
This may mean that he is dropping plans for an early showdown with the United States, Britain and France over the future of West Berlin.  
It may also mean that the main Soviet emphasis in the next few months will be on a peace offensive, as developed in a variety of East-West negotiations, rather than on threats and pressures designed to achieve Kremlin purposes by brandishing Soviet power.  
**TONE SOFTENS**  
These are speculative conclusions suggested by remarks which the Soviet leader made Wednesday to reporters whom he met at a reception at Moscow. Authorities here noted that his tone was on the whole conciliatory and in accord with his published letters to President Kennedy when the Cuban missile crisis was at its height 10 days ago.  
Perhaps the one remark he made which is of most interest to officials in Washington was "I was never in favor of a summit meeting" with President Kennedy.  
Reports of this remark were read here in the context of what most officials now believe to have been one of Khrushchev's principal purposes and possibly his main design in putting nuclear missiles into Cuba in the first place.  
**SUSPECT BERLIN MOVE**  
The belief that such a plan did in fact exist arises out of the timing of various Khrushchev maneuvers which pointed to an early effort on his part to force a Berlin showdown and, in that connection, to have a summit meeting with Kennedy. The assumption here is that he planned to use the Soviet buildup as a surprise move aimed at gaining U.S. concessions on Berlin.  
Ever since Khrushchev's hand was called on his Cuba gambit and he chose to back down rather than face the grave dangers of a military conflict that could spread into a great nuclear war, U.S. officials have been watching for signs which would indicate Khrushchev's future strategy.

## Wants Mass In Vernacular For Catholics

VATICAN CITY (AP) — The man with the cane and Oxford accent is convinced that a new church day is dawning for the English language.

Col. John K. Ross-Duggan has spent 20 years trying to hasten that day—when English is used in the regular worship of the Roman Catholic Church, wherever that language is spoken by the people. "I'm hopeful, indeed, that the time is near," he said.

**PUSHED 20 YEARS**  
An urbane Catholic layman of courtly mien and ample girth, the 75-year-old Col. Ross-Duggan came here to follow action of the Vatican Ecumenical Council on proposals for substituting national tongues for Latin in the Mass.

It's a cause he has been pushing for more than two decades, as a founder and lay leader in the Vernacular Society in the United States.

The change, he said in an interview, would "result in a great increase in holiness" among worshippers.

**ALWAYS OPPOSITION**  
"Our laity would be enabled to carry out the urgings of the Holy Father and his predecessors that we participate more actively in the Mass," he said.

Col. Ross-Duggan of Long Beach, Calif., who acquired his military rank as a British army officer in World War I and who still retains a British inflection, said there is always opposition to change, but he added:

"I feel that many bishops are committed to the holy need for use of the national languages."

**WON'T DROP LATIN**  
He said the change would not mean discarding Latin, as the official language of the church in its documents and communications, nor even in the most solemn parts of the Mass—during the consecration, for example.

He said he favored use of the vernacular only for the first, instructional part of the Mass, with its prayers and scripture readings—"The Mass of the catechumens."

This would leave the central part of the Mass, the "Canon," in Latin.

## 'Live Together As Children Of This Father'

REV. LENA PARR  
Pastor, St. Paul's AME Zion Church

"The Christian Faith According to Jesus."

When we ask Jesus what our lives is to be, He does not give us a set of rules, but simply says, "You must be sons like your Fa-

ther." When we ask about the life of men together, he says, "You must live together as children of this Father." When we ask about prayer he points us again to God; God hears and God cares, and that is why we must pray, just as children do their father. When we ask about the future, it is the same. God has all power, and so He will again rule. He is all love and so we need not fear.

Man is curious about the earth and the Heavens, about the history of the past and about himself; but the greatest question is the question about God.

We study to reach a higher source in life but when we have finished we are still face to face

with the real question: How did this world start?

What does it mean? Where is it going? We ask the same question about our individual lives and about the human race and the worlds above us. There is no answer to any of these questions until we find God.

What did Jesus teach us about God? Many things that the prophets and psalmist had taught before. The Old Testament shows us the power of God and the God of righteousness and Jesus believed in that God. He had no thought of bringing a new God. His God was the God Who had made Heaven and earth according to the old creation story, the God of majesty and power.

He it was Who taught men, when they pray, to say "Our Father." He bade the world to say this and to know that God cares for us. He lifted religion above all division of races for this Father cares for all of His children. He made religion a personal relation, a loving fellowship between each man and his father.

**DESIRE AND FAITH**

Next Jesus puts obedience that is the test of desire as it is of faith. With obedience He puts trust. If this God is good and powerful then it is our part to give ourselves absolutely and trust Him perfectly. Some time we can have a divided trust and a divided obedience. That is why

Jesus says "that we cannot serve God and mammon."

There are two rules for the life of peace and strength to seek after the first the Kingdom of God. After finding it all good things shall be added unto us by the mercy of God.

If the Christian faith means fatherhood then the Christian life can be put in one word, sonship. We find this teaching in the Sermon on the Mount. God has only one rule. That inner spirit must rule all the life. You cannot give one title and think that God has no claim. Nothing less than all your life belongs to Him. His own spirit of good will must rule it all.

It's strange how a man's mind works . . .

My wife had said, "The keys are on the table," and we both were thinking of the car keys. *I have that abominable habit of laying them down wherever I put my gloves — and I'm always losing my gloves.*

But when I saw the keys, I saw the Bible, too. We always keep it *there even though we seldom read it.*

"The keys are on the table." I am just enough of a philosopher to see the chance implication of those words. The keys to a great many things must lie within the covers of that Book. Perhaps the keys to all of the really important things for you, and for me, and for everyone else.

We've been searching far and wide for the keys to peace, and security, and fairness, and brotherhood.

I wonder if *the keys are on the table!*

### THE CHURCH FOR ALL . . .

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and

### . . . ALL FOR THE CHURCH

support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

# "It Is Fitting That We Give Thanks For The Safety Of Our Land; Fertility Of Our Harvests; Strength, Liberties," JFK

WASHINGTON (AP)—President Kennedy has proclaimed Thursday, Nov. 22, as Thanksgiving Day and has urged all Americans to observe it "with reverence and with humility."

In a proclamation Wednesday, the President said, "Let us renew the spirit of the Pilgrims at the first Thanksgiving, lonely in an inscrutable wilderness, facing the dark unknown with a faith borne of their dedication to God and a fortitude drawn from their sense that all men were brothers."

The text: "Over three centuries ago in Plymouth, on Massachusetts Bay, the Pilgrims established the custom of gathering together each year to express their gratitude to God for the preservation of their community and for the harvests their labors brought forth in the new land. Joining with their neighbors, they shared together and worshipped together in a common giving of thanks. Thanksgiving Day has ever since been part of the fabric which has united Americans with their past, with each other and with the future of all mankind."

## "THANKS FOR SAFETY"

"It is fitting that we observe this year our own day of Thanksgiving. It is fitting that we give our thanks for the safety of our land, for the fertility of our harvests, for the strength of our liberties, for the health of our people."

We do so in no spirit of self-righteousness. We recognize that we are the beneficiaries of the toil and devotion of our fathers and that we can pass their legacy on to our children only by equal toil and equal devotion. We recognize too that we live in a world of peril and change—and in so uncertain a time we are all the more grateful for the indestructible gifts of hope and love, which sustain us in adversity and inspire us to labor unceasingly for a more perfect community within this nation and around the earth.

"Now, therefore, I, John F. Kennedy, President of the United States of America, in accord with the joint resolution of Congress, approved Dec. 26, 1941, which designates the fourth Thursday in November of each year as Thanksgiving Day, do hereby proclaim Thursday, the twenty-second day of November this year, as a day of national thanksgiving."

## REVERENCE, HUMILITY

"I urge that all observe this day with reverence and with humility. Let us renew the spirit of the Pilgrims at the first Thanksgiving, lonely in an inscrutable wilderness, facing the dark unknown with a faith borne of their dedication to God and a fortitude drawn from their sense that all men were brothers."

"Let us renew that spirit by offering our thanks for uncovenanted mercies, beyond our desert or

merit, and by resolving to meet the responsibilities placed upon us.

"Let us renew that spirit by sharing the abundance of this day with those less fortunate, in our own land and abroad. Let us renew that spirit by seeking always to establish larger communities of brotherhood."

## GRACE, MODESTY

"Let us renew that spirit by preparing our souls for the incertitudes ahead — by being always ready to confront crisis with steadfastness and achievement with grace and modesty."

"Let us renew that spirit by concerting our energy and our hope with men and women everywhere that the world may move more rapidly toward the time when Thanksgiving may be a day of universal celebration."

"Let us renew that spirit by expressing our acceptance of the limitations of human striving and by affirming our duty to strive nonetheless, as Providence may direct us, toward a better world for all mankind."

"In witness whereof, I have hereunto set my hand and caused the seal of the United States of America to be affixed."

## Mark Twain Tonight Moves To Broadway

NEW YORK (AP) — Hal Holbrook plans a Broadway engagement soon for his one-man international hit, "Mark Twain Tonight!"

Holbrook won acclaim for the show originally when it was presented three years ago in a small off-Broadway theater. That production cost \$9,000. The Rialto presentation is being financed at \$40,000. The increase is necessitated to cover various craft union bonds and for promotion.

## Delayed Stagecoach Offers Tardy Excuse

WICKENBURG, Ariz. (AP) — This excuse would never work in the East, but for Pete Malapanes, 17, it was a reasonable explanation for being late 50 Wickenburg High School.

The excuse read, "The stage was delayed."

Malapanes is one of a dozen students who rides a stagecoach from the Slash Bar K Ranch northeast of town to school. The ranch foreman said the trips keep the horses exercised.

When cantaloupes are picked at the stage of full maturity known as "full-slip," the stem separates easily and cleanly from the melon, leaving a shallow saucer-like depression.

## BOYLE'S Grab Bag

By HAL BOYLE

NEW YORK (AP)—Only yesterday it happened—20 years ago yesterday.

It was then the second World War reached a great turning point as the Allies landed in force in Algeria and French Morocco.

The African campaign became, as one war correspondent described it, "the back door to Berlin." Despite some setbacks, the offensive begun on Nov. 8, 1942, never ceased until Adolf Hitler lay dead and his Third Reich sagged in ruin.

Looking back across the mists of two decades to those days of dust and blood and glory, each survivor of that vanished prime has his own particular memories now.

## TROOPS CONFIDENT

I was in the convoy that sailed from an eastern U.S. port to strike in three places along Morocco's famed "Iron Coast."

The troops were high-spirited, well-trained, but strange to combat. They were sure it would take them no time at all to whip the Nazis.

Leaning on the ship's rail, a grizzled colonel who two weeks later won the Medal of Honor for valor, looked at the infantry men around him and sighed.

"These men have no idea what they will be called upon to do before we're through," he said. "They think they'll be going home in a few months. But this war could go on for five years—maybe even longer."

## OFFICERS SING

I remember the night before we landed watching a group of officers singing "Auld Lang Syne." They were led by a young lieutenant with a fine voice.

Before dawn the next morning we struck at Fedala Beach north of Casablanca. Some of the landing craft hit coral reefs and overturned. Weighted with their gear, dozens of soldiers drowned in the heavy surf.

Others formed human chains and pulled each other ashore through artillery fire. They had gone through the first of many

baptisms.

At 2:30 that afternoon I saw for the last time the young lieutenant with the fine voice. He lay spread-eagled, eyes turned sightless to the sky, in the back of a peasant cart. A big red stain spread from his chestbone to his knees.

## "A CHRISTMAS TREE"

Soon a tank roared up in which stood a two-star general wearing a pistol on each side of his fatigues. He glanced over at a middle-aged colonel who still wore his green dress uniform ornamented by several rows of brightly covered ribbons.

"What the hell are you—a Christmas tree?" demanded the general in a voice like a screeching buzz-saw.

From that day on no one ever had to ask where George S. Patton was on a battlefield. They could hear him.

In three days Morocco and Algeria had been taken. In six months, after a momentous setback at Kasserine Gap, Tunis had fallen. Field Marshal Erwin Rommel's great Afrika Corps was behind barbed wire, and all Africa became a great Allied springboard.

But few American troops, now trained veterans, talked of going home soon. Their eyes looked older than their faces, and they would never feel truly young again.

Still ahead of them lay beaches like Gela, Salerno and Anzio and Normandy to be taken; and cities like Palermo, Rome, St. Lo, Aachen and Cologne; and rivers like Volturno, the Po and the Rhine to be crossed.

But they were still strong, still confident. They felt they at least knew what had to be done to win the final victory.

That was 20 years ago. Now are we as sure what we have to do?

## Mayor Prescribes For Fellow Mayor

CLARKDALE, Ariz. (AP) — The mayor of Cottonwood had to take orders for one week from the mayor of nearby Clarkdale.

Mayor John Garrett of Cottonwood was told when to go to bed, when to get up, when to eat and what to do in the meantime.

Garrett had suffered a muscle spasm in his neck. He was treated by Dr. Dan Bright, mayor of Clarkdale.

## "Thanks to Gas Heat

We're comfortable for the first time in seven years," say the George A. Bridgemans of New Martinsville, W. Va.

NEVER COMFORTABLE WITH ELECTRIC HEAT—"During the six years we had electric heat we were never really comfortable," states Mr. Bridgeman. "We would have changed to gas long ago but it wasn't available."

HOUSE CLEANER, FRESHER WITH GAS—"When we had electric heat it seemed that I was always dusting and cleaning," says Mrs. Bridgeman. "With gas I notice the house stays cleaner longer, and the rooms are fresh and sweet-smelling."

FAMILY'S HEALTH IMPROVES—"After gas heat was installed the children had fewer colds," reports Mrs. Bridgeman. "And we spent less for medicine," says Mr. Bridgeman.

\$450 ANNUAL ELECTRIC COST—"During the winter we received

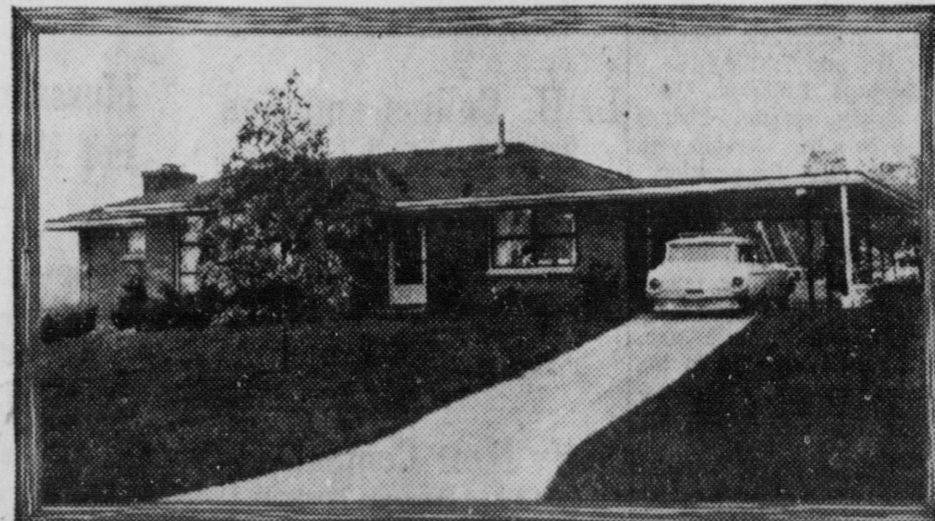

bi-monthly electric bills ranging as high as \$125," states Mr. Bridgeman. "And this didn't include heating the basement."

GAS HEAT MAKES BASEMENT USABLE—"We really enjoy being able to use our basement," says Mrs. Bridgeman. "And I don't mind paying the low gas heat bills (January, 1962 — \$12.00, February — \$16.49, March — \$11.72)," says Mr. Bridgeman. "I just wish that gas was available long ago. It sure would have saved us a lot of time, money and inconvenience."

Gas heating can save you hundreds of dollars a year, compared with electric heating. If you're now heating with gas, you're already enjoying this big saving. If you're among the few using electricity, it's worth your while to consider changing.

## Zanzibar Sultan. Has Too Many Cloves; Need Buyers

By LYNN HEINZLING  
ZANZIBAR (AP)—Anybody with a bright idea for increasing the consumption of cloves should get in touch with his highness the sultan, Seyyid Sir Abdulla Bin Khalifa, royal palace, Beit El-Ajaib Square, Zanzibar.

The sultan's realm, which encompasses the tiny islands of Zanzibar and Pemba off East Africa, has 4.5 million clove trees and supplies 8 of every 10 cloves in the world.

The bottom has dropped out of that market. The huge warehouses of the Zanzibar Clove Growers Association are piled high with 22,000 tons of cloves—a two-year backlog.

### TURNING SOUR

The sweet, spicy smell of cloves gives the narrow streets and crowded bazaars of Zanzibar an oriental flavor, but the aroma is turning sour for the merchants.

At association headquarters, where the trade is controlled, they tell you sadly that Indonesia bought 8,000 tons of cloves in 1960, but only 3,000 in 1961. The 1962 figures look even worse. A ton of cloves is worth about \$750 on the world market.

India's purchases have dropped from 2,500 tons to 500 tons. India and Indonesia traditionally are bulwarks of the clove market. In the past, they have taken about 90 per cent of the world supply.

### JOBS FOR 40,000

The United States still buys about 1,000 tons a year. Most of it goes into spiced meats and other foods and, in the form of clove oil, into toothpaste, soaps, hard candy and ice cream.

The sultan is interested in the trade for a number of reasons. It provides a living for a good many of his subjects. It normally provides a third of all government revenue in the form of export taxes.

## BEGINNING IS MADE FOR UNITY OF CHRISTIANS

By BENNET M. BOLTON  
VATICAN CITY (AP)—The Vatican's top prelate dealing with non-Catholic churches said Thursday a beginning has been made toward Christian unity. He credited Protestant prayers for the Vatican Ecumenical Council.

Augustin Cardinal Bea, German-born Jesuit who heads the Vatican Secretariat for Christian Unity, spoke to newsmen covering the council, which was in recess today.

The 81-year-old biblical scholar indicated his satisfaction over the contacts with more than 40 Protestant and Orthodox observers attending the council sessions.

### REGRETS ABSENTEES

He expressed the hope that more Orthodox churches would agree to send representatives, saying: "Our joy—I say our joy, including also the observers and the confessions they represent—is disturbed by the absence of a good number of venerable Orthodox churches of the East."

Cardinal Bea said he was impressed that "so many communities of non-Catholic Christians have made repeated appeals, even official ones, to their own faithful calling on them to pray for the council."

He noted that such appeals were made by various Anglican, Evan-

## Man Walks Into Car, Causing \$300 Loss

LITTLE ROCK, Ark. (AP)—Pedestrian Juan Gonzales tangled with a moving car and came out best.

Patrolman E. E. Hutchins told about it. Gonzales, 19, and Raul Ybarra, both of Mercedes, Tex., were walking across a street when a car bore down on them.

Ybarra saw the car and jumped to safety. Gonzales walked into the side of the vehicle.

Damage to the car—an estimated \$300 from a broken windshield and dented side panel.

Gonzales shrugged the whole thing off, claiming no injury.

## College Declines Cement Bowl Bid

SELINGROVE, Pa. (AP)—Susquehanna University announced Thursday it was declining an invitation to its undefeated football team to play in the first annual Cement Bowl game.

The NCAA-sanctioned bowl contest is scheduled to be played Dec. 8 at a stadium in the Allentown area, center of a large cement manufacturing industry.

James W. Garrett, director of athletics and head football coach at Susquehanna, said university officials and players had voted not to accept the new bowl bid. The invitation came from Mike Roman of Lansdale, chairman of the selection committee.

Susquehanna's 1962 football team currently has a record of seven victories and no defeats.

In 1904 America could boast of some 15,000 recreational boats. By 1947 the number had jumped to an estimated 2,440,000 and by 1960, to 7,175,000.

gical, Presbyterian, Baptist and Orthodox churches around the world.

"This is therefore already a first beginning of unity and, above all, a sound foundation for our trust in God," he said.

## INTERPRETS TV JARGON TO ENGLISH

NEW YORK (AP)—Television, like any other industry, has developed its own jargon. To the uninitiated, some of its slang—while colorful—is largely incomprehensible.

You may not have known it, but you've seen many a teaser and hundreds of crawls, promos, billboards, spots, ident, segues, hitchhikes and piggybacks. And heard plenty of lip-synchs.

A teaser is, logically, a stimulating bit from the story to follow and opens a show. It is designed to capture the attention of the audience.

### BILLBOARD, CRAWL

A billboard is the portion of the show fore and aft, that proclaims its name and, usually its sponsors.

The crawl, related to the billboard, is a mechanical device that rolls the printed announcements up, down or across the television screen.

Promos—short for promotions—are announcements of forthcoming shows on the same network.

There are two kinds of ident (short, of course, for "identifications"). There is the network ident and the station ident—announcements made each half hour.

A segue (pronounced seg-way) means moving smoothly from one thing to another.

And a lip-synch (for synchronization, of course) means that the performer's mouth is matching the words of a number previously recorded.

Hitchhikes and piggybacks refer to commercials. The former refers to a brief commercial on behalf of the familiar "next week's sponsor" of a given show. And a piggyback is a single commercial in which two different products are subjects of sales pitches.

## Both Parties Cheer Results Of Congressional Elections

By JOHN CHADWICK  
WASHINGTON (AP)—Democrats and Republicans alike found something to cheer about today in the make-up of the new 88th Congress that will convene on Jan. 9.

For the Democrats, the big talking point was that they had not suffered the big losses that usually befall the party in power in an off-year election.

### JFK HEARTENED

President Kennedy said in a statement issued by the White House that he was heartened by the outcome of Tuesday's elections and was certain Congress would meet its responsibilities "in a progressive and vigorous manner."

Republicans failed to make the gains they had hoped for in congressional races, but the GOP national chairman, William E. Miller, said he did not see in this "in any way an endorsement of the New Frontier and its programs."

### 68 DEMOCRATIC SEATS

The new line-up in the Senate will be 68 Democrats and 32 Republicans. This lifts the Democratic majority to the highest

peak since they won 69 seats in the 1938 election. They had a 64-36 margin in the outgoing Congress.

In the House, where 435 seats were at stake this year, the Democrats captured 258 and the Republicans 176 and the Democrats were leading in one undecided race in Alaska. If the Democrats win this, they will have a hefty majority of 83.

Even so, the Democratic majority will be less than it was in the 87th Congress when there were 437 house seats and the Democrats held 263 and the Republicans 174.

Two seats were wiped out by reapportionment. The Democrats, in effect, absorbed the loss of these seats and in addition had suffered a net loss of four seats to the Republicans.

### MAKES COMPARISON

A White House spokesman contrasted these GOP inroads in the House with what he said was an average loss of 49 House seats by Democratic administrations in midterm elections in the past.

He also said that the average loss in the Senate for the party in power has been seven or eight seats since World War I, with the exception of 1934 when Franklin

D. Roosevelt's New Deal was riding high.

While the administration gained strength in the Senate, it was there that it needed help the least. In the House, where Kennedy's proposals most frequently fell afoul of opposition from Republicans and Southern Democrats, the GOP whittled down the Democratic majority.

Over-all, the complexion of Congress does not appear to have been changed much although there will be 10 new senators and 58 new members of the House. In neither party were the top leaders unseated.

The last two Senate races to be decided were the re-election of Democrats Lister Hill of Alabama and Ernest Gruening of Alaska.

Hill, veteran chairman of the Senate Labor Committee, was pushed right down to the wire in traditionally Democratic Alabama by the unexpectedly strong challenge of his Republican opponent, James D. Martin. Hill's victory margin was so slim that some Republicans were talking of demanding a recount.

In late reporting Alaska, Gruening turned back the Senate bid of Republican Ted Stevens.

The final tally of the House races, with only the one seat in Alaska to be heard from, showed the Republicans had captured 11 Democratic seats and the Democrats seven Republican seats.

If you put electric heat to work outdoors

## ONLY ELECTRIC HEAT CAN DO IT!

Snow shoveling is a thing of the past, when you turn the job over to convenient, dependable electric heat. It's the most practical way to keep walks and driveways free from snow and ice.

Electric heat can be easily installed beneath the surface of your driveway, steps or sidewalks. You no longer have to dig yourself out of your garage on winter mornings, or get stuck when you return in the evening. Even more important, there's no danger of slippery, dangerous steps and sidewalks. You protect your family and guests from costly falls.

Electric heat means safety, protection and convenience outside your house, as well as indoors. Call us, or see your dealer, for complete details.

## SPACE LEAD NO HELP IN CRIMINOLOGY

By BOB POOS

EAST ST. LOUIS, Ill. (AP) — "We know how to put a man into orbit. But we don't know why the kid next door steals a car."

Thus Myrl Alexander of Southern Illinois University sums up one of the problems he must solve. Alexander is leader of a group at the university's East St. Louis branch that is spearheading a nationwide survey into why the boy next door steals, robs or generally goes bad. They want to find out how to help the boy.

Alexander, a professor of sociology at SIU, is developing the first antijuvenile delinquency center under the President's Committee on Juvenile Delinquency and Youth Crimes.

He won his professorship the hard way—30 years with the U.S. Bureau of Prisons, the last 14 as its assistant director.

### SETS UP NEW CLINIC

The government gave SIU \$182,000 to set up the center and find answers to the problems of juvenile delinquency.

"Nobody in the world has the answers to this problem," Alexander said. "We don't pretend to. But we are involved in a nationwide attempt to develop new approaches to it."

Alexander and his two-man staff—he hopes for at least 10—will work at two main tasks: training graduate students for work in the field of juvenile delinquency prevention and working with people already in youth work.

He noted that "three-fourths of juvenile crime occurs in urban areas and four-fifths of that is in blighted areas where there is cultural, economic and educational deprivation—slums."

### SLUMS PRODUCE LEADERS

"On the other hand, some great leaders come from the slums. I remember a real good bank robber who grew up next door to Al Smith. We don't quite know why one kid might go one way and become governor of New York and one go the other and become a bank robber."

Alexander said "treating of a delinquent as an individual has failed and we're moving away from this rapidly. It is too broad a problem with too many factors. Each individual is not a free moral agent. He is subject to the influence of the group."

By next summer a full course for school counselors will be ready here and by late winter graduate students will be able to take courses in classrooms, prisons, jails and the courts.

Similar centers are being set up in Chicago, New York, New Orleans and other major cities.

Scrapie is usually made from cornmeal, but whole-wheat cereal may also be used for this hearty old-fashioned dish.

## A Lovelier You

By MARY SUE MILLER

ALL THAT GLITTERS. Sump-tuous is the word for evening fashions. Slinky falls of crepe glitter with beads and bangles. Floats of chiffon shimmer with threadings of sparkle nylon. Glistening brocades, velvets and satins supply opulence for belled and swishy dresses.

So terrific in themselves, these fashions could overshadow a weaver. But not anyone we know! In Loveliestville circles, a belle

dominates her dress as should be. The secret of the coup is summed up in these pointers:

- Select a dress that expresses your personality. It's you, not fashion per se, that intrigues the stag line. Let a Dresden kind of girl wear a vampy kind of dress, and the unique appeal of her personality is lost. Type-casting is as vital to the success of a dress as the flattery of its color and line.

- Be especially fussy about fit. Even a small misfit—an ill-adjusted shoulder strap, an overly-snug waistband, or a gaping neckline—can spoil the set of a dress. It can also cause you to feel uncomfortable and look it.

- Control the urge to splurge on accessories and make-up. Overdoing can be one's undoing. Make-up naturally needs some heightening for night lights, just as hairstyles want for a touch of drama. Effective accessories underplay an elaborate dress, and only take a stellar role when a dress calls for elaboration.

- When you wear the costume, carry yourself superbly. Let it carry you off!

## NEW 'MUTINY' ENDS 2ND TOUR OF THEATERS

By BOB THOMAS

AP Movie-Television Writer

HOLLYWOOD (AP) — "Mutiny on the Bounty" at long last has ended its second film voyage, and the question will be asked: Was it worth it?

In view of the new economics of the movie business, the answer will probably be: Yes. In the old days, investment of \$18½ million in one film would be enough to put a studio under the waves. But today's market allows a company to recoup such an investment over the long haul—if the movie has merit.

"Mutiny on the Bounty" does. Even if all its millions don't show on the screen, enough do to make it one of the great screen spectacles.

Some of the Tahiti scenes — native boats swarming around the newly-arrived Bounty; an immense human chain herding fish into a lagoon—are no less than magnificent.

What about the film as drama? It is no easy job for a remake

in clothing enhance your good points and play down the not-so-good? The right lines do both and so make a fine finger of a woman! How it's done is told in our leaflet, "YOUR MOST BECOMING LINES." ## TINY OUTPOST OF REDS HAS GRAND GOALS

By COLIN FROST

ST. HELIER, Jersey (AP) — A tiny outpost of international communism is bidding for influence today in Jersey, the millionaires' paradise island off the coast of France.

The Jersey Communist Party is in fact the only party on the island. Despite its puny membership of 34, it believes, apparently with some reason, it can make an impact on the island's general elections 15 months from now.

Norman Le Brock, 40, a plasterer, is the party's leader. He is an orthodox Moscow-line Communist, but disclaims any intention or even hope of turning Jersey—a British crown island of only 60,000 population—into a sort of European Cuba.

### SEEK 3 SEATS

"We had sensational papers talking of a Castro-type takeover here but this is nonsense," Le Brock said in an interview. "In fact we are considering fighting only three seats of the 28 in the States (Jersey's Parliament). But we feel we have a chance at two of them."

Last month Le Brock took second place and a third of the total votes in a three-cornered fight to fill a Parliament vacancy. In the general election, with up to a dozen candidates standing for four seats in his St. Helier district, Le Brock's 452 votes would probably

capture the magic of the original, especially a well-remembered one like the Clark Gable-Charles Laughton 1935 version. The 1962 film tries a few new tactics, which are welcome and often successful.

The portrayal of Marlon Brando as Fletcher Christian is destined to be controversial. He appears to have sought the farthest reach from the Gable portrayal and presents Christian as an upper-class fop.

But Brando is still the most fascinating actor around, and it becomes apparent that he knows what he is doing.

Trevor Howard also manages a difficult feat. His Bligh would naturally face comparison with Laughton's Bligh. Howard is capital as the inflexible captain.

Richard Harris draws third star billing, and he makes a fine, muttering mutineer. The rest of the crew, Britishers all, are superbly cast. Tarita, the native girl who provides the major romantic interest, is easy on the eyes, especially in performance of the free-wheeling Tahitian hula.

### win a seat. HARDLY CREDIBLE

At first sight it is hardly credible that Jersey, with its booming farm and tourist industry, should find 452 people to vote Communist in a total district poll of 1,564.

Every year close to 500,000 tourists pack into Jersey's 70 square miles. In the spring, hotels are packed with honeymooners. Hotels offer a couple two weeks with all meals and good bands and cabarets for a mere 35 pounds (\$100).

### OOZING WITH WEALTH

As a bank manager put it, the island oozes wealth. Thirteen of the 60,000 residents are pound sterling millionaires. Hundreds, perhaps thousands, count their capital in six figures—money earned in British business and then brought here to escape stinging inheritance taxes.

International issues virtually never figure in Jersey's politics.

## Erie Man Kills Wife And Suicides

ERIE, Pa. (AP)—A scrap dealer killed his wife and himself with a shotgun Thursday at their home in nearby Millcreek Twp., according to Coroner Merrill Wood of Erie County.

Wood said Rudolph J. Lindner, 55, fired a fatal blast with a .12 gauge shotgun at his 50-year-old wife, Gertrude, then turned the weapon on himself.

An envelope contained four notes saying that Lindner's business was in financial difficulty, the coroner said.

The Communists can thus exploit local grievances without being called to account for communism's international record.

Le Brock said he won his special election votes by highlighting deficiencies in the island's social services. He wants Jersey to adopt in entirety the British welfare state system.

## Plan To Control Dogs In Taneytown

The Taneytown Borough Council has notified the Carroll County Humane Society that action will be taken to control the number of dogs running loose within the borough limits and warned dog owners that a license does not permit animals to run at large.

Council also authorized the secretary to advertise for bids to be opened November 26 to link two dead-end water lines to the present system to improve water pressure.

Owners of abandoned automobiles in the town parking lot will be given two weeks in which to remove them, or they will be sold at public auction.

Eyer's Service Station has been awarded the contract to provide snow tires for the police car. The town clerk reported a balance of \$38,843.29 in the general treasury and \$5,270.09 in the parking meter fund. Officer Boone reported 42 parking violations and 20 warnings were issued during October.

All council members attended the meeting which was held Monday evening.

If you have a sharp coarse grater in your kitchen, you can use it for onions instead of chopping them. Lots of cooks find this method quick and easy. Use kitchen gloves and you'll have no onion odor on your hands!

## A Bit Of History About Early Settlers

By S. F. M. MacPHERSON

### "MURDER IN THE FIRST DEGREE"

On Wednesday, October 19, 1881, John Coyle Jr. was found guilty of murder in the first degree. He (Coyle) had shot and killed Emily Myers, the hired girl on his father's farm, on May 30, 1881. The case was tried before Judge Wickes at York, Pennsylvania, and the defense based its plea on the alleged insanity of young Coyle at the time the crime was committed. The account of Coyle's journey, step by step, to the gallows in the jail-yard at Gettysburg, Pennsylvania, is continued at this time.

Hanover Herald, Saturday, October 22, 1881 —

"On Thursday afternoon last the counsel of John Coyle Jr., the murderer of Emily Myers, filed a motion for a new trial. The motion will be argued during the December (1881) term of the Argument Court, which convenes upon the 12th of that month."

Hanover Herald, Saturday, December 24, 1881 —

### SENTENCED TO DIE

"Sentenced to Death — On Monday last the motion for a new trial in the case of John Coyle Jr., the murderer of Emily Myers, was overruled by the court, and the prisoner sentenced to death. In his opinion, His Honor Judge Wickes went over the reasons assigned for a new trial, most of which were abandoned by the prisoner's Counsel at the argument, do not warrant a new trial. He (Judge Wickes) considered 'he (Coyle) has sown the wind, and unless there shall be some interference in his behalf elsewhere, he must reap the whirlwind. And now to wit December the 19th, 1881, motion for a new trial and in arrest of judgment overruled.'

"At the conclusion of the reading of the opinion His Honor Judge Wickes took his seat upon the Bench. C. D. Zeigler, Esq., District Attorney, moved the Court to pronounce the sentence of the law upon the prisoner."

"Amid a painful and almost deathlike silence Judge Wickes directed the prisoner to stand up, and asked him if he had anything now to say why sentence should not be pronounced upon him. He (Coyle) replied 'there has been too much said already about me by the jury and witnesses.' His Honor replied 'yes, your lips were sealed and I am sorry for it.' The prisoner said he had nothing

more to say, and that sentence might as well be pronounced now.

### "TO BE HANGED"

"Judge Wickes then pronounced the sentence of death . . . to be hanged by the neck until you are dead."

The parents of John Coyle Jr., John Sr. and Mary Ann Coyle, did not give up the fight to save the life of their only son after he was sentenced to be hung. On the contrary they redoubled their efforts in his behalf. That they were partially successful is proven by a news item that appeared in the "Star and Sentinel," on October 7, 1882, entitled —

"A New Trial for John Coyle Jr. —

"John Coyle Jr., the murderer of Emily Myers, gets a new trial — the Supreme Court so deciding on Wednesday, October 4th, 1882. A dispatch from Pittsburgh, Pennsylvania, says: —

"The case of John Coyle Jr., convicted of killing Emily Myers, in York, Pennsylvania, was decided by Justice Mercur. It was admitted that Coyle killed Emily Myers, and the only defense set up was that he was insane at the time. The first assignment of error was that the Court erred in reading from the charges of Chief Justice Gibson that insanity ought to be shown to have been habitual, or at least to have evinced itself in more than a single instance. The Court thinks this correct deliverance of the law; also the validity of such a defense is admitted, but the existence of such a form of mania must not be assumed without satisfactory proof."

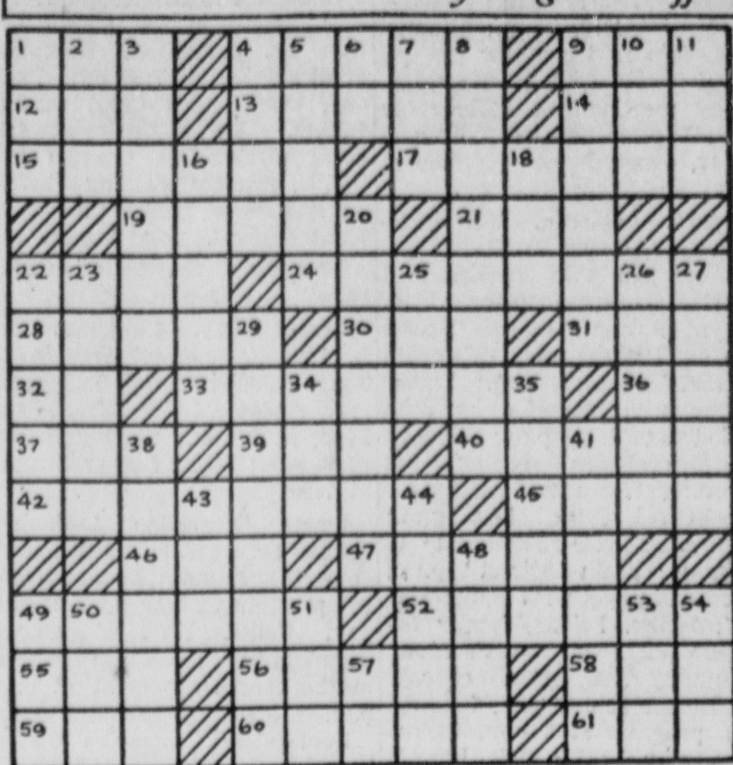

### "RECKLESS FRENZY"

"'Care must be taken not to confound it with acts of reckless frenzy, when interposed as a defense to the commission of a high crime, and its existence should be clearly manifested. The second assignment relates to the effect which shall be given to the attempt of the prisoner to take his own life. Justice Mercur decides that when one is on trial for his life care must be taken that he receives from the Court that due protection which the law has wisely thrown around him. Evidence fairly preponderating is sufficient. Judgement in the case was therefore reversed and a new trial granted.'"

will be, it is said, an effort to have the new trial in the case removed to another county. On account of the publication of the evidence throughout York County at the time of the first trial would make it most difficult to obtain a jury for a second trial."

**GUILTY BEFORE TRIAL**

A careful study of all available evidence in the trials of John Coyle Jr., court proceedings and newspaper accounts, tend to prove, beyond a doubt, that the murderer of Emily Myers was found guilty by the majority of the people of York County even before his case was tried the first time. One newspaper editorial even went so far as to say that a trial was unnecessary — young Coyle was guilty — immediate execution was in order. This ill feeling apparently spread out fanwise from Marietta. Mob violence could have been expected but was held in check. It is very evident that the Coyle family was not popular with their neighbors.

## Let's Look At The Record

**JACK-PINE JOE COMPLAINS**  
He Says Kennedy Won "Confrontation"  
But Is Losing The "Argumentation"

By JIM DAN HILL, Ph.D.  
President, Wisconsin State College, Superior

Dear Jim Dan:

I keep telling the backwoods diplomats at Swenson's Allweather Bar on the Pigeon River Portage Trail that maybe Jack Kennedy did win the so-called "confrontation," but he is losing the argumentation. In diplomacy, I say, the post-game argumentation is often more important than the game.

It reminds me of a North Country stud-poker game at Fly Lake some years ago. The local gang had framed a good mark. The fall guy was a polite, country type from away down South, near Des Moines, Iowa.

His wallet was fatter than a county-fair ear of hybrid corn. Francois was dealing from a deck Bert McEtree had chilled from the top down. With hole cards face down and three ups of each hand showing, the corn-fed pigeon was obviously in line for a possible queen-high straight. Actually it was topped by a not-showing king, which the boys knew was supposed to be there.

The up cards of all other hands looked equally promising and just as uncertain. So all were still drawing and feeding the pot. It already was pyramid high with the corn shucker's roll forming most of the base.

**THEN FRANCOIS** made a clumsy, slow drag from the bottom of the deck for the deuce that would wreck the stranger's straight. Had the corn shucker reached for the fireplace tongs, pulled a knife or even flushed a pistol, Francois would have known exactly what to do. But the stranger, so gentle, so polite, but quick as a flash, before the card face was shown, lightly touched Francois' knuckle and said: "Pardon, sir, but please burn that one to the middle and give me the TOP placard."

Francois was so startled, that's exactly what he did. All of which gave the stranger the ace that was chilled for Bert.

The boys were so mad at Francois, they just sat and glared at him and waited for Des Moines to drag in the pot.

But that is what he did not do. He was so proud of his quick eye and card-shark savvy, that he just leaned back, bragged on himself a while, and then delivered the boys the nicest poker table lecture I ever heard. It was pitched to the idea that honesty is the best policy, which was so much breath wasted on that crew.

Anyway, it was a conversation with a difference. The stranger rounded it off with assurances of no hard feelings that they had tried so hard to cheat. To prove his point, he ordered drinks for the house.

Spahr, 64, who police said apparently fell asleep while smoking a cigarette that set a couch on fire, suffocated Thursday night in his apartment in the city's Oakland section.

By the time he looked back at the table and finally reached for the jackpot, it had shrunk to somewhat less than half what the stranger had put in during the betting.

**BUT** this Iowa type still didn't get mad. He just laughed it off, and bragged that he could spot them three or four steals bigger than that and still trim them with honest poker.

So they settled down a new game.

Well, Jim Dan, that's when I left. Watching a cheat game that ends in a premature brag instead of action is a waste of time.

As for the Des Moines stranger with the quick eye and card shark savvy, I never saw him again. But a few days later the Cutover constable pinched a vag. No visible means of support. Cutover has no crime and therefore no jail. The J. P. vouchered the township for a ticket to Minneapolis in the name of charity. The bus ticket agent said this beneficiary of Cutover charity had a Iowa accent, like he might have been from away down South, near Des Moines.

And that, Jim Dan, gets us back to our Cuban diplomacy. J. F. K. sure had the honest cards on the showdown. But when we are going to win? Those missiles are still in Cuba.

The pictures and our own publicity say some of those with ranges up to 1,500 miles are operational. Where are the missiles going to be at the end of these premature, long-winded powwows since the "confrontation"? Since when should a Swiss food package agency do all the arms checking — even for our Navy at sea?

Yours for better poker and smarter diplomacy,

Jack-Pine Joe

Dear Jackpine: Thanks for your Parable of the Poker Palaver. It is the best since Ab McPheeters, philosopher of the Edwards plateau, told me his version of the Parable of the Widow's Mite. He arrived at the rather urbane conclusion that the odds were more than even that the widows might not. Such doubts concerning Khrushchev, Castro, Nikoyan, et al, may explain Washington's enthusiasm for continued conversations.

Sincerely,  
Jim Dan Hill

**NEW YORK (AP)** — Two football players from Pennsylvania colleges are among the offensive leaders in NCAA small college football statistics released Thursday.

Fullback Joe Iacone of West Chester State College is second in rushing with 1,116 yards on 174 carries while quarterback Ron Giordano of Bucknell is 10th in passing with 79 completions out of 141 attempts for 949 yards.

## SCRANTON IN FLORIDA FOR TWELVE DAYS

WEST PALM BEACH, Fla. (AP)—Republican governor-elect William W. Scranton today began a 12-day stay at his Hobe Sound estate during which he will relax and work on a legislative program and personnel.

Scranton and his wife, Mary, arrived by plane Thursday night. "I'm here for rest and relaxation but I plan to do some work," said Scranton. "I'll work on a legislative program and personnel."

Scranton, asked for comment on a suggestion by Pennsylvania Senator M. Harvey Taylor that Judge Robert Woodside of the Pennsylvania Superior Court would make a good attorney general, said:

"I'm sure he would make a good one. But we haven't even thought of the cabinet yet."

### MENTION ALESSANDRONI

Woodside, a Republican, announced his candidacy for the governorship before the primary election last May but later withdrew in favor of Scranton as a compromise candidate when a party fight developed between two factions over a ticket.

Walter E. Alessandrini, Scranton's campaign manager and a former U. S. attorney for the Eastern District of Pennsylvania, has been most prominently mentioned for attorney general. Alessandrini is expected to arrive here later.

Hatless and wearing a dark

suit, Scranton posed with his wife for photographers upon his arrival here from Scranton, Pa., the city named for his ancestors.

With the Scranton party was William Keisinger, one of his top aides.

### SEEKS INDUSTRIES

An aide said Scranton would devote considerable thought to devising ways and means for bringing new industries and jobs to Pennsylvania. Unemployment in the state was one of the main issues in the campaign.

Before leaving Scranton, the governor-elect renewed his pledge to avoid any tax increases after he takes over next January. He also repeated his opposition to a state income or wage tax. He said again he planned to "trim the budget where necessary and develop a sound fiscal policy."

Scranton said it might be necessary to spend additional state funds in certain fields, including mental health and education.

He added that it was likely some state jobs would be eliminated but he could not immediately say how many. During his campaign, Scranton had said that 24,000 additional state jobs had been created by the Democratic administrations of Governors George Leader and David Lawrence.

## PUBLIC SALE

—OF—

### Farm in Franklin County Saturday, November 17, 1962

The undersigned Executors of Charles S. Andrews, late of Greene Township, Franklin County, Pa., deceased, will offer at public sale in front of the Courthouse, Chambersburg, Pa., on Saturday, November 17, 1962, the all limestone residence farm of the decedent in Greene Township lying partly along old U. S. Route 11 and partly along the Culbertson Road, Route 987, adjacent to Greenvillage, which said farm contains 95 acres, more or less.

The said real estate is improved as follows: 2½-story brick dwelling house with slate roof, containing 8 rooms and bath, with hot air furnace and concrete cellar throughout; stone and frame bank barn with two floors, concrete silo, large wagon shed with corn cribs, implement shed, round wire corn crib, two chicken houses, hog pen, milk house and washhouse adjoining dwelling.

Electric current throughout house, barn and outbuildings. Water is supplied directly to the house and barn from line of Guilford Water Works. There is also a large cistern at the barn and a never-failing well of water at the house.

This is a most desirable location and the farm is adapted to a variety of uses, as the same can be developed for building lots or for industrial sites. The farm as a frontage of about 1,536 feet along old U. S. Route 11 and of about 840 feet along the Culbertson Road. The water lines run along both roads. About 65 acres of this farm is under cultivation and there is about 25 acres in pasture.

The conditions of sale will provide for a 15% down payment. Possession of house can be given within 30 days of sale, provided full settlement is made; otherwise final settlement will be made on April 1, 1963, when full possession of the entire farm will be given.

Sale to begin at 10:00 A.M., when further terms will be made known. Inspection of the premises can be made by appointment with the Executors. Call either Kelllogg 2-5275 or Kelllogg 2-8548.

### HONOR COURT IS CONDUCTED FOR TROOP 84

The fall court of honor of Boy Scout Troop 84 was held Wednesday evening in St. Aloysius hall with parents and friends of the Scouts in attendance. John R. Rudisill, assistant Scoutmaster, was master of ceremonies.

The program opened with the singing of the National Anthem, followed by the Pledge of Allegiance to the flag. Guests introduced included: Charles E. Ritter, Black Walnut District chairman; Stanley C. Rodgers, Scout executive; Paul L. Hollinger and Luther D. Snyder, committeemen; Stewart N. Long, neighborhood commissioner; Kermit Spence, neighborhood commissioner from Fairfield; Edgar A. Wolfe, Scoutmaster of Troop 84, extended a welcome to all in attendance.

The presentation of awards was made, wh Gerard Altoff was advanced to the rank of Life Scout.

**OTHER PRESENTATIONS**  
Other advancements were as follows: First class, Steven Redding, Larry Hull, James Rohrbaugh and Ray Muller; second class, Steven L. Snyder, William Ritter, George Peart, Robert Collins, Christopher Sentz, Gary Wolfe and Robert Kress.

Merit badges were presented to Robert Altoff for hiking, safety and public health; John Schuchart, fishing; Gerald Altoff, cooking, coin collecting, gardening,

basketry, citizenship in the nation and first aid; Ronald Redding, citizenship in the nation, scholarship, fishing, cooking, bird study and reading.

Committeeman L. D. Snyder presented Appalachian Trail hike plaques to Bruce Fitz, Harold Storm, Robert Sneeringer, Gerard Altoff and Robert Altoff.

Mementos of the summer canoe trip were given by Mr. Snyder to Harold Storm, William Eline, Gary Long, Robert Sneeringer, George Peart, John Schuchart, Francis Redding, Ronald Conover, Scoutmaster Wolfe and Assistant Victor L. Reynolds. The mementos were miniature canoes hand-made by the Canadian Indians.

**RITTER SPEAKS**  
There were remarks from Black Walnut District Chairman Ritter when he urged the boys to participate in all Scouting activities and parents should help their sons benefit from these activities whenever possible. He also announced that the only handicapped Scout troop will be visiting Gettysburg next summer and the local Scouts will be host to this troop, which is from Paoli.

Scout Executive Rodgers spoke to the group on the general principles and activities of Scouting and asked cooperation from parents. He also showed a film on Scoutmasters and Scout leadership.

Scoutmaster Wolfe announced the troop has been invited to attend the football game at Gettysburg College Saturday afternoon. The group will leave from the Scout room in the Community Center at 12:30 a.m. There will be no cost and transportation will be provided. There will be no meeting of Troop 84 next Wednesday.

## Thank Offering Service Nov. 18

The Women's Guild of Christ United Church of Christ made plans to conduct the annual thank offering service at the November meeting Wednesday evening held at the church. The service will be held during the regular worship hour Sunday, November 18, at 10:30 a.m. The message will be brought by Mrs. Ernest Brindle, Hampton. Members of the guild will participate in the service. Altar flowers that day will be placed by the guild.

Mrs. Orville C. Sentz, president, presided for the business and heard reports from Mrs. Clyde L. Sterner, secretary, and Mrs. Charles A. Grove, treasurer. The daily Bible readings for the congregation will again be sponsored by the guild. There were reports from members who attended the October workshop of the Nevins Regional Guild held at St. Bartholomew's Church, near Hanover. The birthdays of Mrs. Lavere G. Mummert, Mrs. Alvin C. Gerrick and Mrs. Edwin A. Rebert were

noted. Installation of the new officers elected in October will take place at the next meeting Wednesday, December 5, at the church. The leaders will be Mrs. Harold E. Shoemaker, Mrs. Edgar J. Berwager and Mrs. Gerald W. Sterner.

Mrs. Edward Miller and Mrs. Erwin Rebert were leaders for the program which included group singing accompanied by Mrs. Shoemaker; scripture reading and opening meditation; Mrs. Rebert; topic, "A New Era in World Missions," discussed by Mrs. Miller with illustrations on a world globe; closing prayer, Mrs. Rebert.

**TO ATTEND CONFERENCE**

## THIRD GIRL FOUND SLAIN IN INDIANA

CHARLESTOWN, Ind. (AP)—The scare of a "Jack the Ripper" slayer increased today in this area where three young women have been found dead in recent months.

The latest victim, found Thursday, was mutilated in a fashion reminiscent of the killer who roamed London's White Chapel District in the 1880s and never was caught.

The victim was Anita Christine Barmore, 21. She was a friend of the second victim, Nancy Webb, 21, killed a month ago. Both had worked in Louisville, Ky., taverns.

### BODY DECOMPOSED

The body of the first girl, Julia Ann Dawson, 22, was found May 21, south of here near Jeffersonville. Her body was decomposed and a coroner ruled she died of an overdose of a pain-killing drug. Miss Webb had been beaten and strangled.

Coroner Edwin Coots said Miss Barmore apparently was strangled. All three girls were from Louisville.

Louisville police said there was a possible link between the slayings but nothing definite had been established.

The area of the slayings is just across the Ohio River from Louisville.

## County Churches

St. John's Primitive Baptist, Elder Walter Piper, pastor. Worship at 11 a.m. Wednesday, prayer meeting at 7:30 p.m.

Centenary EUB, Biglerville, Rev. Laverne E. Rohrbaugh, pastor. Worship with sermon, "The Peace of God," at 8:30 and 10:40 a.m.; Sunday School at 9:30 a.m.; worship with youth night program of music and message by the Jacobs Brothers quartet of East Berlin at 7:30 p.m. Wednesday, midweek service in charge of Rev. and Mrs. Don McAlpine, missionaries to Japan, at 7:30 p.m.

## Guard Ballots In Massachusetts

BOSTON (AP)—State Police guarded ballots and voting machines across the state today as both candidates in the cliff-hanger contest for governor took out recount petitions.

Endicott Peabody, the Democratic nominee and apparent winner, in an unofficial count, by a scant 2,163 votes out of nearly 2.1 million, took out his recount petitions Thursday about the time Republican Gov. John A. Volpe disclosed he had begun the quest for the required signatures.

The final unofficial tabulation gave Peabody 1,049,549 and Volpe 1,047,386.

Filing of recount petitions must wait for the official tabulation of the votes by the State Election Division, which probably will complete the task next week.

## YANKEES TAKE 3-STROKE LEAD IN CANADA CUP

By SAM SUMMERLIN

SAN ISIDRO, Argentina (AP)—The Ol' Hillbilly from West Virginia had a new nickname today as the 10th annual Canada Cup and International Trophy Golf Tournament moved into the second round with the United States in front, as expected.

The man from the hills, Sam Snead, and mighty Arnold Palmer each fired a 2-under-par 68 on opening day Thursday, but not before Snead had enough putting troubles for the Argentine gallery to tab him the "Pisco Sour"—the local version of Sour-puss.

Snead, who said before the tournament started that the wash-basin greens on the short but tricky Jockey Club course could make even two-foot putts missable, played like a prophet on the first nine holes—three-putting on three greens. That left him grumpy and nettled under the 90-degree Argentine sun and also earned him his new nickname.

But three birdies and a resounding eagle on the back nine earned him much more, a 36-32—68 round that coupled with Palmer's 35-33—

## THREE PILOTS ARE FINED FOR INATTENTION

WASHINGTON (AP)—The Federal Aviation Agency has fined 13 airline pilots for "inattention to flight duty," and ordered Eastern Air Lines to draw up a plan to make sure it doesn't happen again.

The fines, ranging from \$300 to \$600, stemmed from an congressional investigation which brought to light candid cockpit photographs—some showing pilots asleep, reading or with stewards' arduous at the controls of airliners.

### TOOK PICTURES

A former Eastern flight engineer testified at the congressional hearing that he took the pictures of 14 pilots or 18 Eastern flights between May, 1959 and June, 1961.

The FAA said "there is reason to believe that the pictures were taken on the flights indicated. The information also supports the allegation that there were violations of the civil air regulations, specifically lack of vigilance on the part of the crews."

"The pictures do suggest that there may have been a pattern of cockpit conduct during this time," the FAA added in a letter imposing the fines against nine flight captains and four co-pilots. The FAA did not release their names.

68 sent the favored U.S. team off to a three-stroke lead with their 136 total.

The 68s were the second best of the day on the 6,746-yard, par 34-36 course in the suburbs of Buenos Aires, leaving the two Americans only a stroke behind the leader in the individual race that runs concurrently with the team competition. Bob Charles, the lanky New Zealand left-hander, held that distinction with a 67.

After the first tour of the Jockey Club course, the U.S. held a three-stroke lead over the Argentine pair of Fidel de Luca and Roberto de Vicenzo, with England, New Zealand and Wales at 141, South Africa and Australia at 142 and Japan at 143.

## ACES CLING TO HOME RECORD

By THE ASSOCIATED PRESS

Quebec's record of never having lost an American Hockey League home game this season remained intact today.

But it was a narrow squeak. The AHL Eastern Division leaders, who had won all five previous games on home ice, trailed Rochester 3-1 going into the final period Thursday night but came through with two third period goals to gain a 3-3 tie. Neither team could score in the overtime period.

The Aces thus picked up a point, increasing their eastern lead to five points over second place Providence. The Aces' record is 9 victories, 3 defeats and 1 tie. All other teams were idle.

With goalie Gerry Cheevers performing spectacularly in the nets, Rochester took a 3-0 lead on goals by Dick Gamble, Gary Jarrett and Stan Smrke.

Terry Gray got the first Quebec goal midway in the second period to make it 3-1. The Aces tied it in the third period on goals by Guy Rousseau and Michel Harvey.

Stubborn net-minding by Cheevers and Charlie Hodge of the Aces kept the would-be scorers from breaking through in the overtime.

### St. Paul's Lutheran Plans Visitation

The annual Every Member Visitation will be conducted by St. Paul's Lutheran Church on Sunday afternoon, when each home of the congregation will be visited. The pastor, the Rev. Lawrence H. Roller, will commission the visitors during the service at 10:30 a.m. on Sunday.

The Festival of Harvest Home will be observed in St. Paul's Church on Sunday, November 18, at 10:30 a.m. Each member is asked to bring two items of foodstuff and deposit it in the narthex before entering the sanctuary. One item will be given to the York Lutheran Home for the Aged, and the other to the National Lutheran Home, Washington, D. C.

The congregational meeting will be held immediately following the Harvest Home service. The 1963 budget will be presented for approval and there will be voting on the purchase of property and kneelers.

A used clothing drive is now in progress. Donations of clothes may be left at the church.

### SCOUT NEWS

Randall Stonessifer had the opening ceremonies at the weekly meeting of Cub Scout Den 8 of Pack No. 84, held on Wednesday evening at the home of Mrs. Ruth Stonessifer, S. Queen St. The Cubs recorded their achievements on their wall charts. There was work on handicraft projects under the supervision of Mrs. Stonessifer and Mrs. Katherine Hall, den mothers, and James Bittle, den chief. The Cubs will attend the football game at Gettysburg College on Saturday afternoon, leaving at 12:30 p.m. from the Community Center. The regular meeting of the den will be held next Wednesday at 6:30 p.m. at the home of Mrs. Stonessifer.

Girl Scout Troop 780 met on Wednesday after school at the Community Center. The Girl Scout calendars were distributed. The girls spent their time working on Christmas projects. Mrs. James H. Spalding, leader, was in charge. The next meeting will be held Wednesday, November 28. Badgework will be checked at the December 5 meeting. A Christmas party will be enjoyed on Friday, December 14.

Dr. William J. Luyten of the University of Minnesota recently discovered the smallest known white dwarf star. It is about 25,000 times fainter than the sun.

The Aces thus picked up a point, increasing their eastern lead to five points over second place Providence. The Aces' record is 9 victories, 3 defeats and 1 tie. All other teams were idle.

With goalie Gerry Cheevers performing spectacularly in the nets, Rochester took a 3-0 lead on goals by Dick Gamble, Gary Jarrett and Stan Smrke.

# END DEFENSE IN PITTSBURGH LIBEL TRIAL

PITTSBURGH (AP)— The defense has rested its case in the criminal libel trial of a minister accused by the Knights of Columbus of printing in a church pamphlet a false K. of C. oath that vowed religious hatred.

The case of the Rev. Walter L. King, pastor of the Church of the Nazarene, Independent, at Finleyville, Pa., was expected to go to an Allegheny County Court jury today. The trial opened Wednesday.

The Rev. Mr. King, editor of the "Voice of the Nazarene," testified Thursday he believed the oath he published was an authentic version of the one taken by members of the K. of C., a Catholic fraternal organization.

PRINTED IN CAMPAIGN

However, when asked by defense attorney Morris M. Berger what his opinion is now, the Rev. Mr. King replied:

"Upon listening to testimony under oath I feel that it is not the (K. of C.) oath."

He said the oath he printed in May, 1960, during the last presidential election campaign was obtained from "The Mission Messenger," edited by a friend, the Rev. G. L. Bustin of Summerfield, Fla.

He said he talked about the oath with other ministers "and our own folk and the general feeling among us was that it was true."

WAS "WARNING"

"We felt this (the oath) was a present danger and that the alleged oath, if true, would be a danger to our own principles of separation of church and state."

Under cross-examination the

minister was asked by prosecutor George Ross:

"Did you print this with the idea that you would influence people in the election?"

The Rev. Mr. King answered, "Yes. We felt that it served as a warning and a guide to those participating in the election."

He added he holds no bigotry or prejudice against the Catholic Church.

The Rev. Mr. King also testified he left an \$8,000-a-year chemist's job with Duquesne Light Co. two years ago and took a \$50-a-week position as a minister and editor of the church pamphlet.

# Blocked By Engines, Spends Night In Car

MIAMI (AP) — Joseph Carden, 24, was driving home late one night recently when he found the street blocked by fire department equipment at a hotel fire.

Carden helped firemen rescue two people from the fire. Then, when he started to drive away, he found the other end of the street blocked by fire trucks which answered an alarm at an apartment house.

Carden pondered the situation, parked his car and went to sleep.

# UNIONTOWN HS IS NEAR CROWN

By DAVE LEHERR  
HARRISBURG (AP) — Twice-beaten Johnstown is all that stands now between Uniontown and the WPIAL-Class AA football throne.

The Trojans and Red Raiders clash Saturday night at Uniontown.

If the Red Raiders can win, they sew up their first Double A title in history.

But if Johnstown pulls an upset, the race will be thrown wide open again, with once-tied Hempfield Area, New Castle and Monessen making claims for the championship.

Of course, they too must get by opposition this weekend, but their tasks should be easy. Monessen, the defending AA champ, takes on Donora. Hempfield meets Latrobe and New Castle tangles with Ell-

# How Super Shell's 9 ingredients can give cars top performance

**POWER INGREDIENT** in Super Shell works for world champion driver Phil Hill (above, in Ferrari racer). Hill, first American to win the World Championship for Drivers, relies on Super Shell. One important reason: power. Today's Super Shell contains "cat-cracked" gasoline—a power ingredient made by cracking heavier petroleum molecules into lighter, livelier ones. It works to give you the power you need for top performance.

**NOISE-FIGHTING INGREDIENTS** in Super Shell work for a quiet engine at all speeds. Shell scientists even use a stethoscope (above) to check effect of Super Shell's anti-knock ingredients. One of these ingredients, an anti-knock mix, is so effective that a teaspoon per gallon can boost anti-knock rating five points. Alkylate, another Super Shell ingredient, is noted for controlling knock in hot engines at high speeds better than anything else yet available.

**MILEAGE INGREDIENT** in Super Shell is Platformate. Shell scientists test it in many cars, many places. In a recent test in San Francisco (above), exactly 250 cc. (about half a pint) of fuel without Platformate was fed into test car. Car ran until fuel was used up, then coasted to a stop (left). Distance: 6186 feet. Test was repeated, using same blend of fuel with Platformate added. Same amount of fuel. Same car. Same conditions. In this test, Super Shell with Platformate took car 6454 feet (right), gave a mileage bonus of 4.3 percent.

**TCP\* AND FOUR OTHER INGREDIENTS** complete Super Shell's 9-ingredient blend. TCP additive can help restore power lost due to combustion deposits—can also extend spark plug life. Butane is for quick starts. Pentane mix helps engines run smoothly during "warm-up." The gum preventive ingredient is to help keep carburetors clean inside. And, when the weather calls for it, Super Shell contains an anti-icer. That's nine ingredients in Super Shell—scientifically blended to give your car top performance.

\*Trademark for Shell's unique gasoline additive. Gasoline containing TCP is covered by U.S. Patent 2889212.
